FINCHEM
— FOR SECRETARY OF STATE —

Hello Jack,

The 2022 election saw rampant fraud, but there's more to the story. The shocking truth is that the entire time the media and Social Media giants were conspiring with Adrian Fontes and Katie Hobbs to crush Election Integrity and suppress the truth.

I don't mean just suppressing the truth about the fraud. I don't even mean suppressing the truth about Election Integrity and Transparency in general. I specifically mean they actively suppressed the truth of Adrian Fontes' backstory.

This is how we now have a criminal in office.

The corporate media was so eager to destroy [@RealMarkFinchem](#) that they made no effort to inform the public about Adrian Fonte's sordid backstory.

PR (Pre-Richer), This man was the worst Maricopa County Recorder in Arizona history. Now he's running elections for the entire state.

What, did you think the Democrats used Election Fraud to elect the cream of the crop?

Of course not! They use fraud to elect corrupt frauds and criminals that are willing to play ball with the Liberal and Media elites to systematically undermine our Republic.

This is what we are fighting against. It is this same criminal and fraudster that is destroying our Republic in Arizona as we speak. It is this same criminal and fraudster that is trying to abuse the court system by having is lawyers hit me with punitive fines for daring to stand for Election Integrity.

[This is why I need your help to fight back. This is an inherently flawed systems with bad actors from the top to the bottom. But money still talks, and we need that if we are to fight the corrupt court system in Arizona!](#)
