

Globalization via Nationalization of Core US Systems September 12, 2021

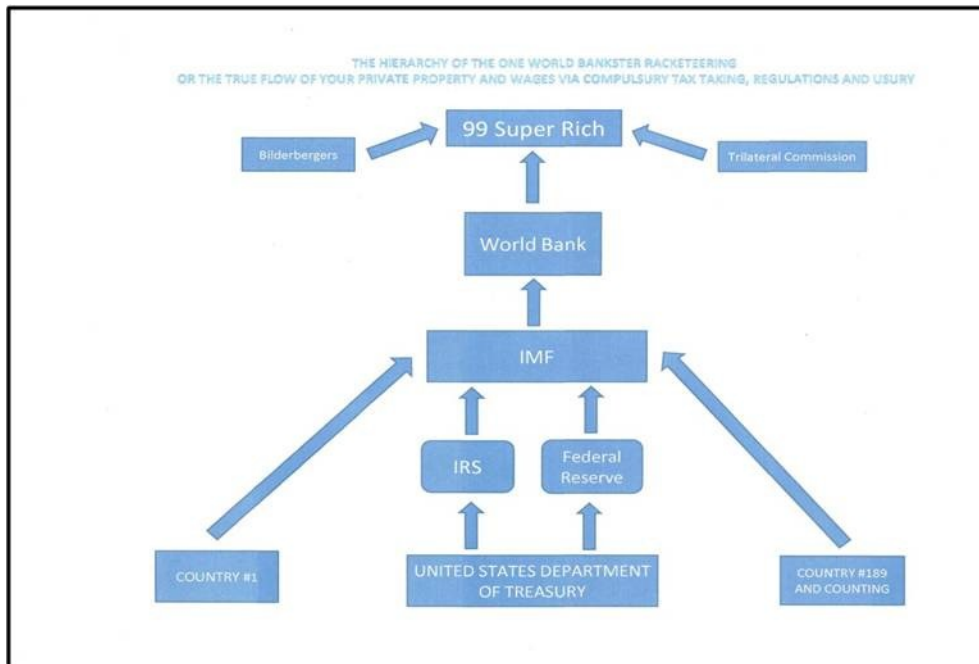

It is critical to SEE, UNDERSTAND AND VISUALIZE THE REALITY OF the big picture not just the latest taking of our election system and our vote. The globalist and deep state are after all they can take and they are accomplishing this right under our nose because few Americans can comprehend such reality while the majority render themselves helpless against it.

Unless you can fully comprehend, understand and believe THE FOLLOWING outline of takings is true you will never grasp how this global to local strategy works all the time against you. Once you grasp how the globalist game WORKS AND the uncountable systems that you and I live UNDER this truth will become clear AND YOU WILL NEVER EVER BE A SLAVE/ENSLAVED AGAIN.

PART I. - Comprehending the Enormity of Global Control Creep

- 1) Bill Benson and J. "Red" Beckman' two volume research "The Law That Never Was" Vol. I and II some 750 pages regarding the fraudulent passing of the 16th Amendment and the tax taking of labor, wages, pensions and private property is true. YES ALL TAX TAKING ON DIRECT WAGES, LABOR, PENSIONS AND PRIVATE PROPERTY IS CRIMINAL PASSED BY PUBLIC SERVANTS OR NOT.
- 2) G. Edward Griffin research and documentation in "The Creature from Jekyll Island" regarding the fraudulent passing of the [Federal Reserve Act](#) and the subversion of our monetary system is true. The IRS is a foreign entity.
- 3) The U.S. Constitution and the resulting state constitutions are all subverted in a manner clouding the clarity of the sovereign role of the state Citizen placing the Citizen's will, consent, vote, labor and private property beyond the reach of state power, i.e. they were fixed. The natural laws, Laws of Nature and Natures God (LONANG) clearly establish the untouchable and inviolable nature of a bundle of unalienable rights given to each natural born and legitimately naturalized Citizen by God. Unalienable means incapable of being alienated as in not sold or transferred.
- 4) Our borders are being taken down is an act of the globalist to supply their labor needs for their profit and power.

- 5) The unnecessary and horrific so called "Civil War" where 1 million American were killed because 7 states wanted out of the "Union".
- 6) The illegitimately passed 14th, 16th Amendment, 17th Amendment, et al.
- 7) 9-11-2001 intentional implosion of the World Trade Center.
- 8) The creation & distribution of SARS -CoV-2 viruses & the resulting forced lock downs & masking to intentionally further disrupt the 2020 USA elections.
- 9) The states and municipals mirror the fed that mirrors the globalist's political and banking cartels.

Our labor, our private property, our monetary system, our media, our southern border and now our vote has been sold/stolen out to the Deep State, the transnational corporations, all funded by the unFederal unReserve, IMF, World Bank, Banks of International Settlement, the globalists including the UN, Bilderbergers, the Rothschild's, the Rockefellers', Council of Foreign Relations, the Trilateral Commission, all the serial agencies in the federal and state and muni governments, the RNC and the DNC, the non government organizations, et al. All these takings and much more are not random and no accidents. A Republic is quickly taken and Dr. Benjamin Franklin warned us. You vote is a threat to the globalist state. This is how powerful a true and honest free American is.

Once you see the big picture of taking over our American/USA history you will begin to connect all the dots into a very clear pattern and better understand how the globalists play their game. I have 27 pages of 4" x 6" index cards and each page has 2 of these cards filled with all the words generally verbs and nouns of how the Deep State and globalist use cunning and deception. It is a dictionary of near 600 words. Think corporations and transnational corporations working with governments to transfer individual free will, divinely bestowed to us by God, to artificially created government and non government defacto legal frameworks to rule, take, "represent", tax, draft, license, judge, create slave labor pools to work until you die, tell us when we can and cannot travel, force toxic vaccinations upon us, force us to lock down, wear diapers on our face, tell us we have no standing in court, demand jury duty, edict gag orders, contempt of court, eminent domain and force adhesion contracts upon us against our will all while telling us we have the most legitimate and free country in the world. Think massive Psy Op worldwide.

All countries are ultimately globalized, "it is futile to resist" the Borg.

PART II. - The growing systems we live UNDER.

THE SOLUTION - PART 12 -

GET THE DEEP STATE OUT OF OUR POCKETS, OFF OUR PROPERTY AND OUT OF OUR LIVES - NO TAX TAKING ON WAGES, PENSIONS AND PRIVATE PROPERTY NO EXCEPTIONS

- 1) America lived primarily on tariffs and excise taxes to 1913, over some 136 years after the revolution.
- 2) Then President Wilson and the banksters centralized the banking system thru the unFederal unReserve and the rest is history with massive tax takings upon our wages, pensions, savings and private property. See above graph from Wikipedia.
- 3) Then the deep state swallowed America whole with the creation of the unFederal unReserve in 1913 after decades of like efforts. The Deep State lives on your private property. Must read "The Creature from Jekyll Island" by Edward Griffin.
- 4) Then FDR took the USA off the gold standard in June 5, 1933.
- 5) Then inflation, usury, regulatory and tax taking exploded across all levels of government.
- 6) Then more debt, usury and barbaric regulations were piled on all Americans by WWI, WWII, Korea and Vietnam, et al.
- 7) The Creature from Jekyll Island was born and feeds on fear, tyranny, force, and massive corruption all by misrepresentation of the sovereign state Citizens and the consent of the govern.
- 8) Even today there is NO law which compels a sovereign state Citizen to pay or withhold taxes from his or her wages or pensions.
- 9) The income tax system is voluntary and most Americans do not have "taxable income" and are not liable for income taxes as defined in the statutes levying taxes.
- 10) Yet we are compelled to approve and sign this taking "voluntarily"!
- 11) The income tax is an excise tax and cannot be forced, so they force you to sign!

- 31) The globalist game the truth with massive funding of lies until the public wakes up and then they go on to the next lie.
- 32) They do this across the board creating growing portfolio of extreme belief systems that can only hold water under force, deception and tyranny.
- 33) The liar never gets caught until a significant critical mass of the population wakes up then a new lie is sold.
- 34) The globalist game plan is to always move the goal posts while they debase all the systems we live under, e.g. educational, academic, religious, the truth, founding principles, charters and actions of every nation with lots of encouragement by lending fiat debt.
