

Subject: Huge Win

Hello from Mike Lindell,

The Republican National Committee (RNC) just passed 10 new resolutions calling for the protection of our elections, and the end of voting manipulation schemes! This resolution is the direct result of your financial and prayer support of the Lindell Legal Offense Fund (LLOF).

This "Return to Excellence in American Voting" is power-packed and we could not have asked for anymore. Here are a few highlights:

- **This is an empty text component. The RNC will support Paper Ballot, hand count, single day, precinct level, voter ID elections!**
- No more expanded time periods for early or vote-by-mail -- which have turned Election Day into a never-ending election season.
- The RNC supports voter ID laws and calls on states to pass laws to ensure every voter is verified to be the actual voter!
- States and counties will be supported as they move away from easily manipulated electronic voting machines!
- No more unwatched, pop-up ballot drop boxes! This resolution ends the Democrat-sponsored, Zuckerberg..
- Paid-for, ballot harvesting System that helped steal the 2020 election in states like Georgia!

The Election Resolution:

# RESOLUTION URGING A “RETURN TO EXCELLENCE” IN AMERICAN VOTING AND ELECTIONS

WHEREAS, To present a formal Resolution from the Republican National Committee for declared opposition to voting manipulation schemes and to return to the functional and historic balloting and polling experience that Americans understand, appreciate and love.

WHEREAS, The mission of the Republican Party is to act as the party that encourages and allows the broadest possible participation to all voters and to assure that the Republican Party is open and accessible to all Americans;

WHEREAS, Ensuring the integrity of our voting and election administration is critical and foundational to maintaining a civil and decent society decentralized from a federal government as the Founders intended;

WHEREAS Americans expect accurate and swift determinations as it pertains to elections and the administration of elections;

WHEREAS, Elections have been under assault from those on the Left as they attempt to implement schemes and intentionally inject chaotic administrative changes that have drastically changed how elections are conducted in hundreds of the most populous counties and regions across the nation;

WHEREAS, Election officials are obligated to apply polling place access equitably in states, and should not eliminate polling places in order and to move to 'vote center' models that make polling place access more difficult in more conservative areas;

WHEREAS, Democrats are passing non-citizen voting laws in liberal cities, which the Republican National Committee has previously resolved to oppose and ensure only United States citizens decide our elections;

WHEREAS, Republican officials are explicitly asking for decisive direction and support from the national Republican apparatus and elected Republican leadership;

WHEREAS, The grassroots activists of the Republican Party have discovered and made it abundantly clear that there are recognized problems with electronic election procedures and intentional complications of instituted systems that complicate, belabor and slow down our election processes;

WHEREAS, Election experts agree that the most resilient voting systems use paper ballots, either marked by hand or with an assistive device, and are verified by the voter before any means of tabulation;

WHEREAS, The Republican National Committee has unanimously opposed complicated election schemes like Ranked Choice Voting that is a clear example of the chaos being pushed on our states and territories; therefore, be it

RESOLVED, The Republican National Committee boldly opposes means of voting that do not have the proper safeguards in place and are exclusively delivered electronically and calls on every county and state in the nation to use as the default ballot systems which are fully auditable, namely hand-marked, voter-verified paper ballots to ensure every voter is represented by a paper record;

RESOLVED, The Republican National Committee calls on secretaries of state of each state to implement anti-counterfeit ballot printing, tracing and verification procedures;

RESOLVED, The Republican National Committee constructed an ad hoc election integrity committee designed to aggregate ideas, suggestions and reports on voting procedures and it will begin to work with stakeholders to research, offer insight and provide suggestions as is appropriate for any Republican officeholders inquiring best practices and situational response regarding the left's voting schemes, balloting systems, election equipment, and important procedures.

RESOLVED, The Republican National Committee applauds counties and states that are willing and able to competently and efficiently implement voting procedures that do not require the use of machines and those that implement hand counting procedures that are fully auditable;

RESOLVED, The Republican National Committee calls on state legislatures, county, and municipal governments to pass laws and municipal codes and rules that allow for full transparent hand-counting procedures that are planned, timely and fully observable by the public and the registered parties for geographically defined audits and recounts;

RESOLVED, The Republican National Committee calls on all Republican officeholders to defend the historic practice of geographically-defined and assigned precinct, ward and localized polling places for means of balloting and tabulating paper ballots by geographic unit;

RESOLVED, The Republican National Committee stands firmly behind voter identification laws and calls on state legislatures to pass laws to ensure every voter is verified to be the actual voter regardless of method in which they vote at the time of voting, casting, or delivering a ballot;

RESOLVED, The Republican National Committee hereby opposes any and all efforts for states to unreasonably expand time periods for early or vote-by-mail that makes ballot counting procedures intentionally unmanageable or incapable to complete expeditiously following the conclusion of an election on election day;

RESOLVED, The Republican National Committee calls for elimination of temporary or 'pop-up' voting locations, drop boxes and any other voting center that are not fairly defined and bound to a designated geographic territory and where voting locations exist, namely by precinct, so that voting is accessible equitably by legal precinct, ward or defined geographic unit in order to provide impartial access for all voters; and

RESOLVED, The Republican National Committee calls for a necessary "return to excellence" or in other words, a return to the simple and proven methods of precinct, ward or geographically-defined localized voting with auditable balloting procedures using paper ballots, in fair, reasonable limited time periods, using proper identification to strengthen voter confidence and to ensure that American election procedures can be a fair and open process for all to participate.

Even my friend Charlie Kirk gave us a shout-out saying:

*"Thank you to Mike Lindell and his entire team for bringing together Election Integrity experts to hold the GOP accountable."*

Arizona Republican Committeeman Tyler Boyer added,

*"This resolution clears the path for Republicans everywhere, in every state, county and city, to hold elected officials accountable to the clear position of the Republican Party. No election manipulation by the left can be aided by Republicans and any move in opposition to these statements is opposition to the national Republican Party's official position."*

All of these 10 resolutions are directly the result of your giving and praying for a return to sanity in our country!

This key win lays the groundwork in the run-up to the 2024 national elections! Thanks to you we are turning this country around--we have hope and we now have a HUGE WIN.

God Bless,

*Mike Lindell
