Here are a few examples of how the Deep State rats infiltrate Your Country, State, Municipal & Life.

- 1) The unnecessary American Civil War between the North and South killing some 1 million military and civilian American Citizens over a problem that would have solved itself over time.
 - 2) The illegitimately “passed” 14th Amendment to break state and individual sovereignty.
 - 3) The illegitimately “passed” 16th income tax taking upon individual wages and private property leading to taxing pensions.
 - 4) The illegitimately “passed” 17th Amendment to force senate by popular vote not vs. state legislators.
 - 5) The unconstitutional passing of the Federal Reserve Act and the creation of our fiat monetary system leading to the further debasement of our coin and currency off the gold base [and the federal income tax.](#)
 - 6) The creation & escalation of private property tax taking forcing state Citizens to pay for services not requested or needed.

- 13) [Lt. General Michael Flynn phone call interview regarding the fraud of this election \(Quotes below\)](#)
- “General Flynn believes President Trump will win.
 - China’s global super power plan.
 - The Dominion vote equipment is not made in the USA.
 - This has been a coup upon our nation over the last 4 years.
 - A very strong effort to remove a seated president.”

There are two simple remedies to restore individual free will and free choice.

- 1. Enforce Consent of the Govern upon all legislation.**
- 2. Enforce vetting of BOTH the individual state and U.S. Constitutions upon all legislation.**
 - a. Individual consent would reduce the legislation and regulation takings by 66%!
 - b. Vetting with the applicable state constitution would reduce the takings another 25%.
 - c. Vetting with the USA Constitution would reduce the takings another 12%.
 - d. Vetting with the Laws of Nature and Natures God would reduce another 4%.
 - e. **IT IS THAT SIMPLE!**
 - f. Politicians and their benefactors will fight these changes for their lives.
 - i. That reason alone is why the state Citizens must take back their power!

Lawful Consent & Constitutional Vetting - Q&A Muscle Tested	Yes	No	Neutral	Estimated % Reduction - Muscle Tested
<i>Would the number of laws at the federal, state and municipal level be reduced if all bills, codes, regulations, executive decisions and judicial decisions had:</i>				
1. Individual consent of the registered state Citizens?	Yes			66%
2. Vetting with the applicable state constitution?	Yes			25%
3. Vetting with the USA constitution?	Yes			12%
4. Vetting with LONANG	Yes			4%
Note: The percentage numbers do not total as they are a gross relative magnitude of order percent reduction of each category of existing laws.				

ALL voting functions must be taken away from the city & county municipal corporations.

- This includes voting registration, identification and counting.
- These are the homes to the Deep Swamp.
- Not all are swamps, not every public employee is bad.
- Nevertheless, we need to move these critically important functions to an independent bipartisan transparent locally monitored and audited operation.
- Voting is currently the only state Citizen consent allowed.
- Below table is a rough chronology of the increasing need of direct Citizen Involvement in more processes of government.

Thomas Jefferson - Words of Wisdom

1. When we get piled upon one another in large cities, as in Europe, we shall become as corrupt as Europe.
2. The democracy will cease to exist when you take away from those who are willing to work and give to those who would not.
3. It is incumbent on every generation to pay its own debts as it goes.
A principle which if acted on would save one-half the wars of the world.
4. I predict future happiness for Americans if they can prevent the government from wasting the labors of the people under the pretense of taking care of them.
5. My reading of history convinces me that most bad government results from too much government.
6. No free man shall ever be debarred the use of arms.
7. The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government.
8. The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants.
9. To compel a man to subsidize with his taxes the propagation of ideas which he disbelieves and abhors is sinful and tyrannical.
10. I believe that banking institutions are more dangerous to our liberties than standing armies. If the American people ever allow private banks to control the issue of their currency, first by inflation, then by deflation, the banks and corporations that will grow up around the banks will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered.

- ✓ We do not have nor have we ever had a true and honest free Republic by consent of the governed!
 - ✓ This never happened!
 - ✓ The majority of early Americans swallowed the blue pill.
 - ✓ The Deep State & One World Government would never profit from individual free will and free choice!
 - ✓ The critical mass toes the line because it is so much easier and we are easily threatened.
 - ✓ The Deep State can take anything they want from you at any time.
 - ✓ The dark side is emboldened because there has been no penalty stiff enough to stop them.
 - ✓ They have so much more to gain than they have to lose!
 - ✓ This no accident, nor is it random.
 - ✓ This is globally to locally orchestrated.
 - ✓ This is the power, wealth, control & network they have created.
 - ✓ There is no federal law requiring anyone to pay a direct tax on their wages. There are standing successful cases being ignored. Direct tax taking is truly voluntarily however, the Deep State globalist will put you in prison if you lose your case. 65.7% of your life wages & pensions are taken by force by those you "elect" without your consent and against all of the laws of the land.

This is absolutely NOT necessary & criminal.

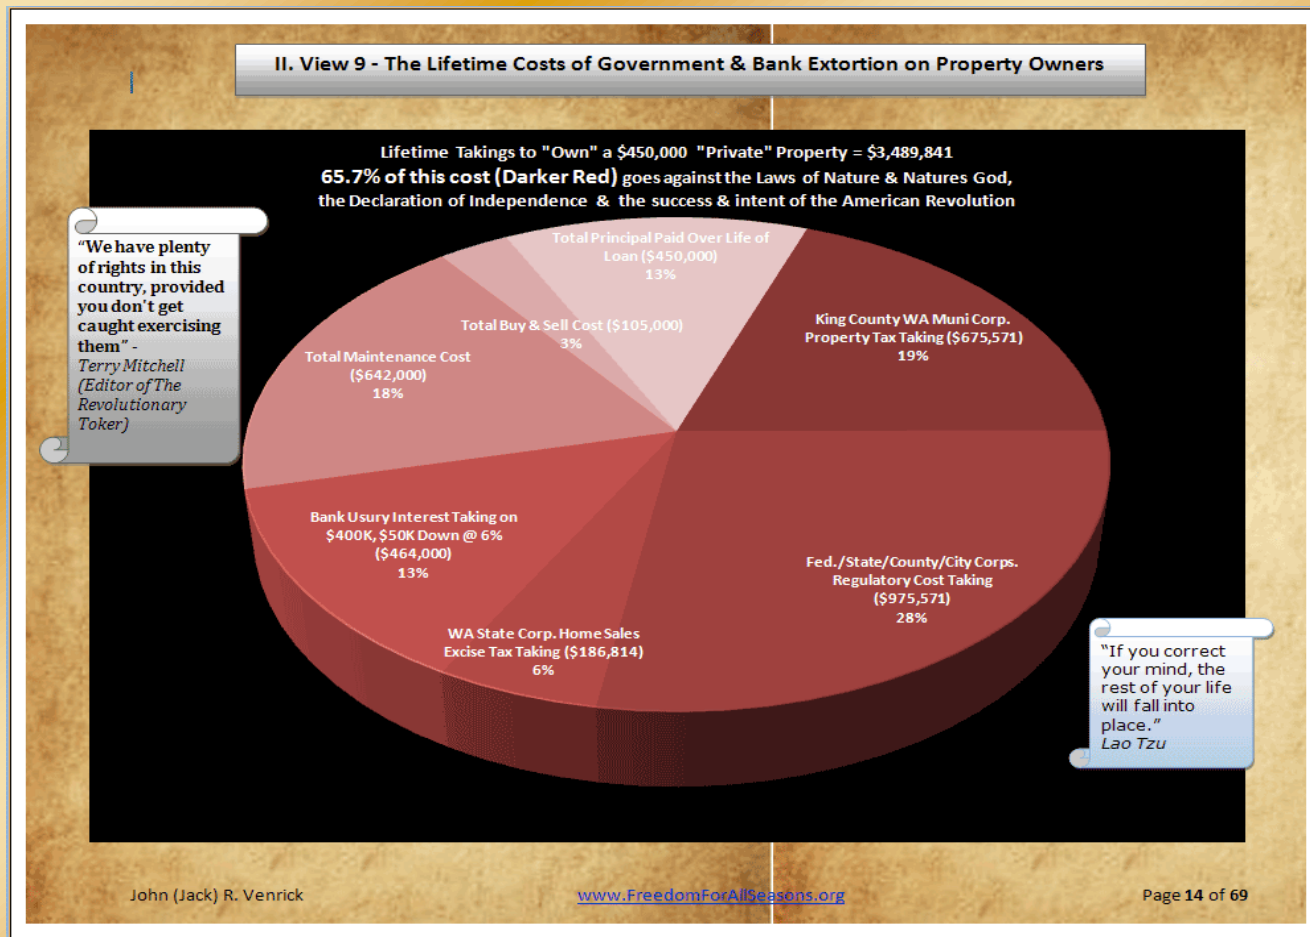

This is done by global to local Deep State agencies shifting their costs including banking and government down to you and away from the transnational and national corporations.

Usury and direct tax taking upon wages, pensions & private property is strictly forbidden by the natural and fundamental laws.

This is why American state Citizens are forced to work all of their life and die younger than they would without carrying this burden.

How Banks and Municipal Corporations Overwhelm Americans - Part 2 of 2

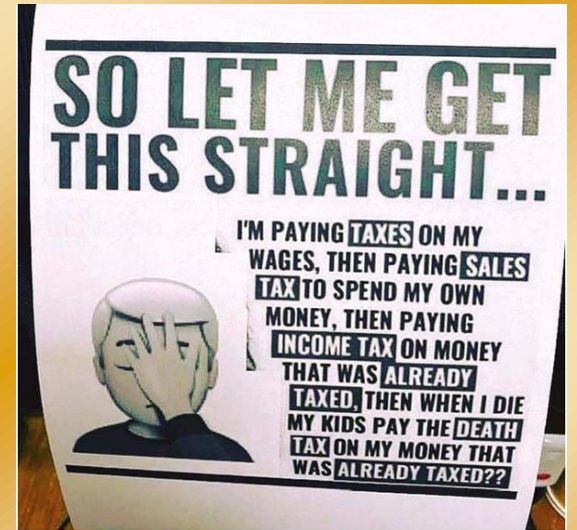

- This is a visual pie chart of the above table.
- The principal of the loan only represents 13% of the lifetime cost of owning a home.
- This is why direct tax taking and usury are prohibited by the natural laws.
- These illegal takings lead to a cascading unproductive transfer of labor into the Deep State.

Overwhelming Direct Tax Taking - There are NO True and Honest Laws Permitting Direct Tax Taking Upon Natural Born/Naturalized Citizens.

Note: Nearly half of all Americans do not pay income taxes because this perverted model of allowing direct tax taking upon labor, wages, pensions and private property plus allowing insane levels of usury ultimately bankrupts the working class and enslaves the rest! You cannot legislate rape!

1. Individual state Citizens are forced to pay 81% - 89% of all federal tax collections.
2. Corporations pay only 9 to 15% of all federal tax collections.
3. However, individuals pay the corporation taxes as well when they buy corporation goods and services, as the corporations pass through all costs in their pricing.
4. Individuals also pay all state, county and city municipal corporation taxes as well as they pass through all their costs to the tax payers.
5. [Here is my research report done in 2017-11-03 and sent out to most of you.](#)
6. Study [this table](#) - to discern **Legitimate vs. Illegitimate Sources of Revenue in a True and Honest Constitutional Republic.**
7. Any government or globalist stepping over the line and taking from the ILLEGITIMATE Sources of Revenue ultimately bankrupts the country and the people.
8. This extremism in tax and usury taking creates a secondary wave of increasing boom and bust cycling of the political, financial, economic and social systems.
9. Extremism is the symptom of ignoring fundamental and founding discipline.
10. Extremism begets more extremism.
11. A so called “representative” Constitutional Republic without morals politically exploits itself because the “representatives” quickly learn there are no consequences to ignoring the fundamental and founding laws of the land as well as ignoring the “consent of the govern”, in fact they take rewards to misbehave.

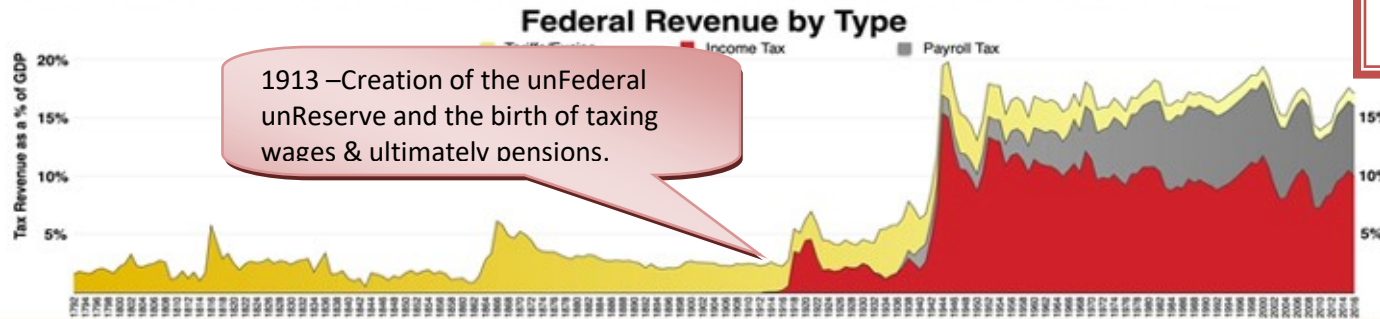

Get The Deep State Out Of Our Pockets, Off Our Property And Out of Our Lives – No Tax Taking On Wages, Pensions And Private Property No Exceptions

THE SOLUTION - PART 12 -

GET THE DEEP STATE OUT OF OUR POCKETS, OFF OUR PROPERTY AND OUT OF OUR LIVES - NO TAX TAKING ON WAGES, PENSIONS AND PRIVATE PROPERTY NO EXCEPTIONS

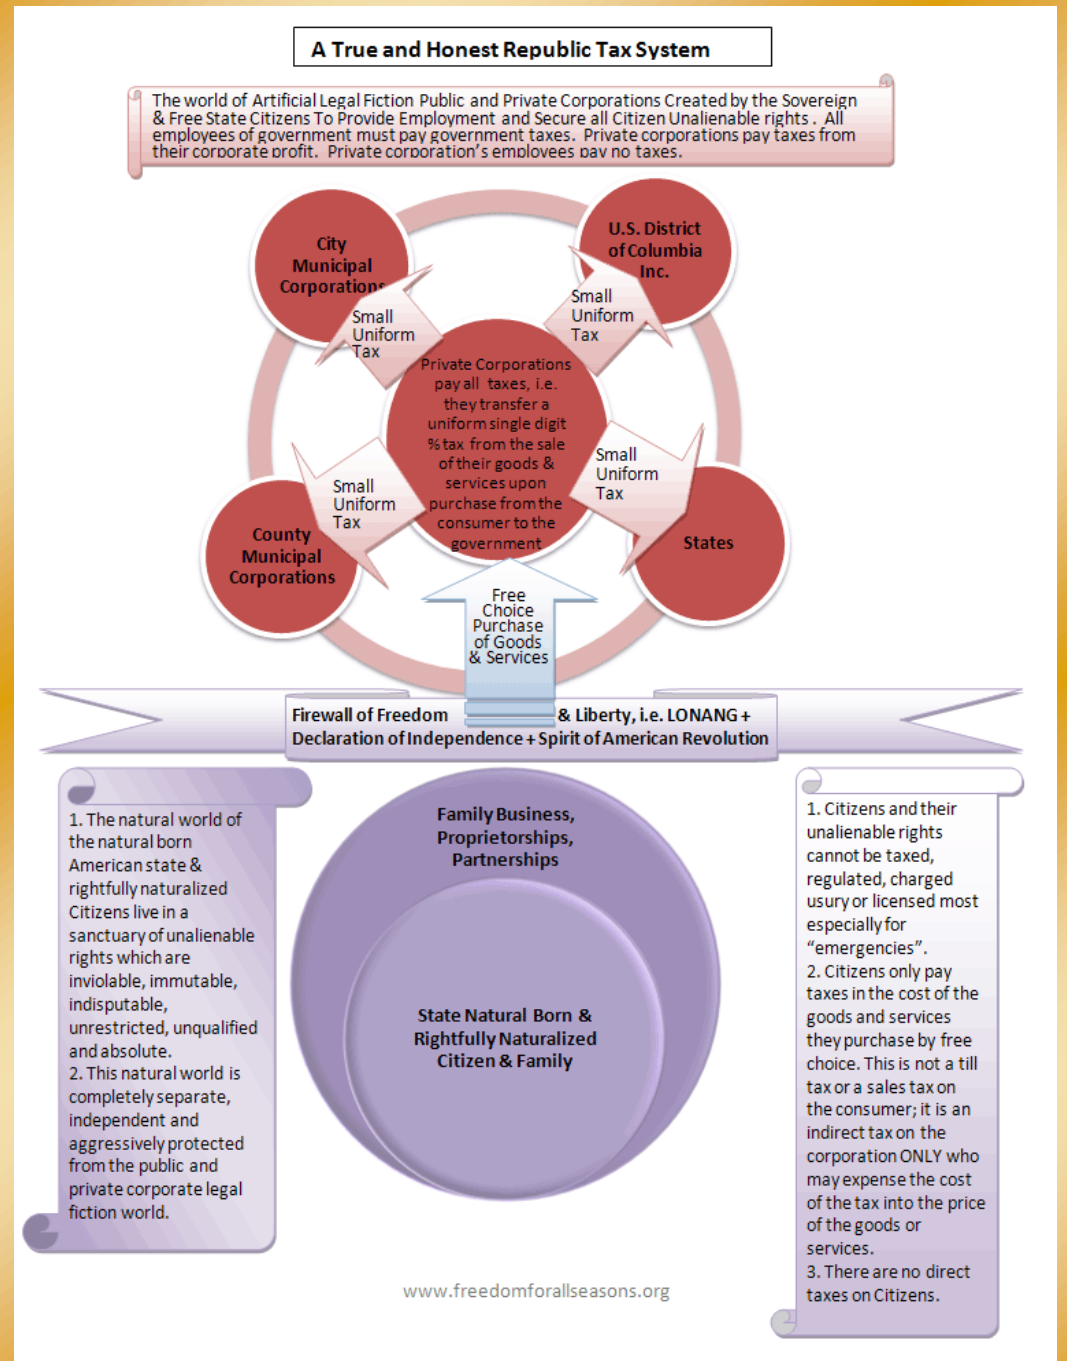

[Click to Full Pitch to learn much more](#)

- 1) America lived primarily on tariffs and excise taxes to 1913, over some 136 years after the revolution.
- 2) Then President Wilson and the bankers centralized the banking system thru the unFederal unReserve and the rest is history with massive tax takings upon our wages, pensions, savings and private property. See above graph from Wikipedia.
- 3) Then the deep state swallowed America whole with the creation of the unFederal unReserve in 1913 after decades of like efforts. The Deep State lives on your private property. Must read "The Creature from Jekyll Island" by Edward Griffin.
- 4) Then FDR took the USA off the gold standard in June 5, 1933.
- 5) Then inflation, usury, regulatory and tax taking exploded across all levels of government.
- 6) Then more debt, usury and barbaric regulations were piled on all Americans by WWI, WWII, Korea and Vietnam, et al.
- 7) The Creature from Jekyll Island was born and feeds on fear, tyranny, force, and massive corruption all by misrepresentation of the sovereign state Citizens and the consent of the govern.
- 8) Even today there is NO law which compels a sovereign state Citizen to pay or withhold taxes from his or her wages or pensions.
- 9) The income tax system is voluntary and most Americans do not have "taxable income" and are not liable for income taxes as defined in the statutes levying taxes.
- 10) Yet we are compelled to approve and sign this taking "voluntarily"!
- 11) The income tax is an excise tax and cannot be forced, so they force you to sign!

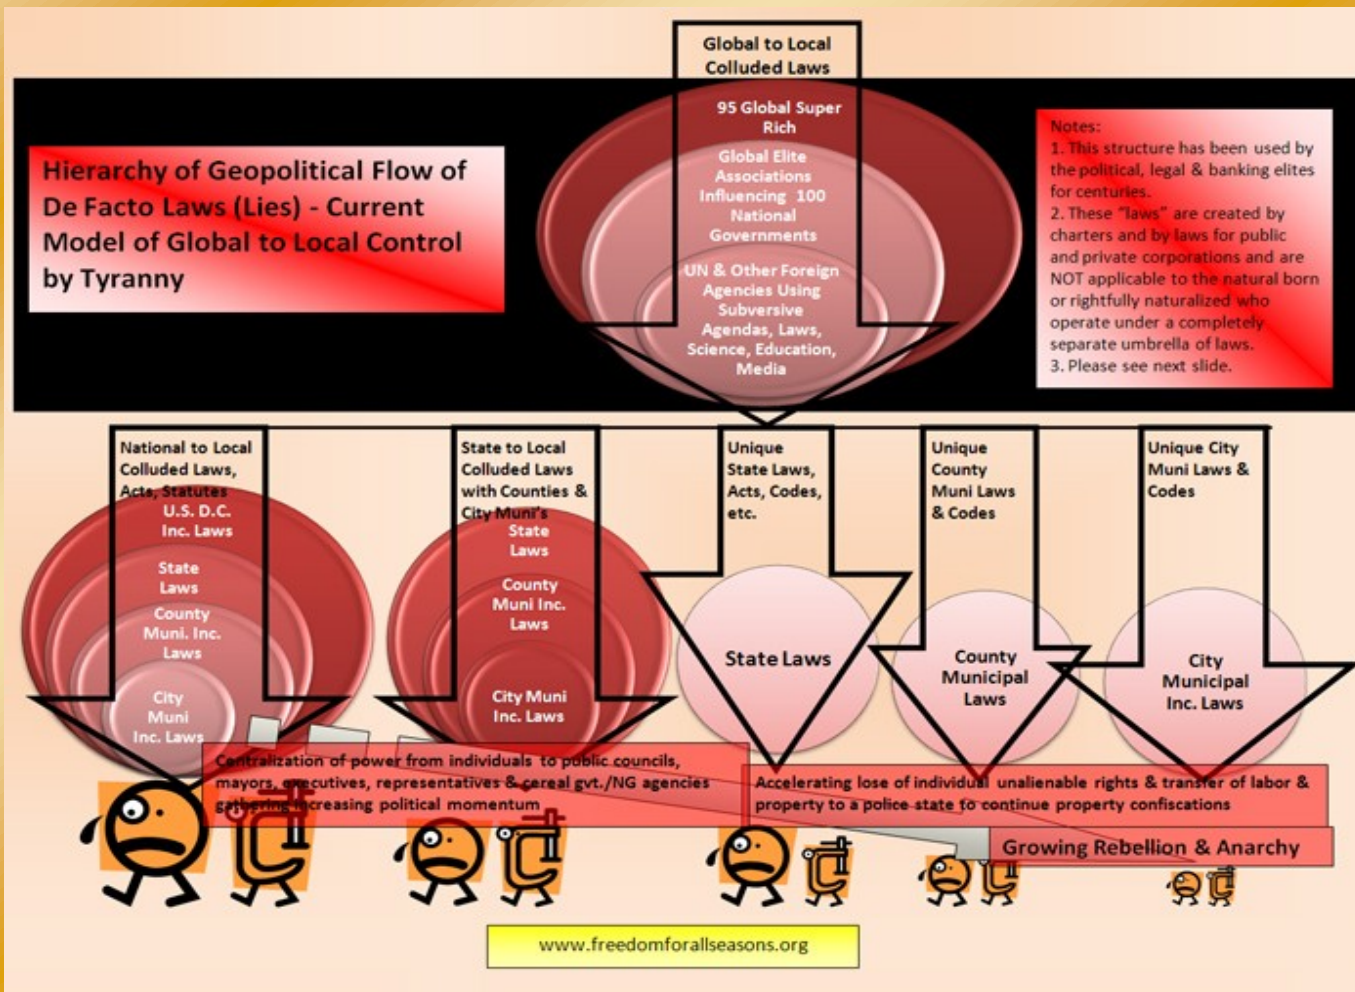

Visualize and Pray for a True and Honest Constitutional Free Republic Like the Chart to the Right

- Visualize a firewall of absolute individual free will and free choice between the natural born/naturalized, family businesses, proprietorships and the public municipal and private corporations.
- The public infrastructure is supported by legitimate indirect tax taking not illegitimate direct tax taking!

This is a graph of the number of criminal investigation by federal agencies

- You can see the year when federal agencies started to be weaponized in graph below, 1978.
- This was the beginning of environmental and global extremism and rogue enforcement.
- Why did all of these federal agencies go rogue?
- And this chart does not show the intelligence agencies going crazy too, e.g. FBI, CIA, and NSA.
- It was by the infiltration of the extreme left Deep State with the help of big money & globalism.
- Centralization kills individual free choice especially at global, transnational and national levels.
- Corporations love to merge, “the urge to merge” to cut their costs.
- At the same time, it cuts your individual free choices, jobs, life and liberty.

Individual Free Choice is absolute, inviolable, unalienable and divine. This is given to us by our physical natural birth via God. No man made matrix can vote power over you. When this happens evil has manifested itself AGAIN. Consensus and compromise of principles are globalist plays for your soul.

Okay Ms. Fitts: "..... you mention as a prime factor that governs our lives on planet earth for roughly the last 500 years "the central banking-warfare investment model." Can you describe to us at the beginning of this interview some of the essential characteristics, rationales and goals of that "model"?"

"The central banking-warfare investment model" is really a control model, through which a small group of people can control the most resources on the most profitable basis. Essentially what happens is: Central banks print money and then the military makes sure that other parties accept it and that the financial system continues to have liquidity. The question many people ask with regards to a fiat currency, which is a paper currency, is: Why would anybody take paper, which has no value? They take the paper, because it's part of the enforcement and military supervision, if you will, of the network that is printing the money. The system has created a fantastically profitable way of controlling large populations and access to resources very cheaply.

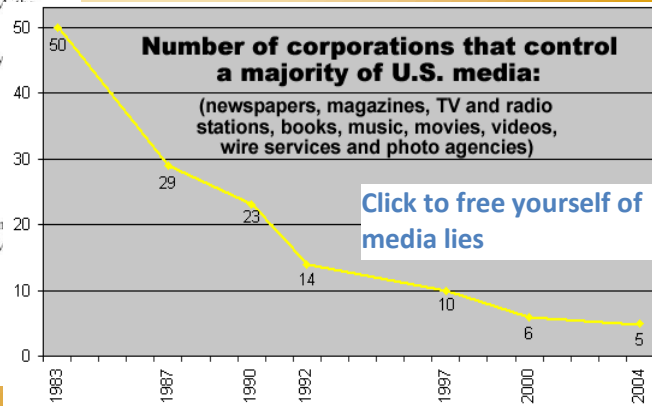

Let's say for a second that Mr. Global is in charge of "the central banking-warfare investment model": Mr. Global prints money and then people take that paper and give him in essence what he needs to buy up and **control the national resources.** The population is dependent on his paper and then he controls all the real things. Also through the military, he can steal whatever he wants. And organized crime is a very important component as well, because it can be expansive to drop an army and to occupy a place. If he can take over a place and buy that place with the place's own money, it's much more efficient, and that's where the drug business traditionally comes in. It's basically part of a model for controlling a territory with huge resources in the cheapest way possible."

Tribal Tyranny – Part 1 of 2

- The following is a summary of a must read book “Tribal Tyranny” by a fellow Montanan and patriot with some of my research.
- Tribal reservations have gone from 65-70 in 1934 to 574 in 86 years.
- American tribal population has gone from between 849,000 and 5.1 million in 1492 to some 1.4 million in 528 years.
- With a recent rise in the 1900’s of some 1.13 million.
- The corrupted federal tax system with the help of the US DOI BIA transfers some 20 billion tax dollars annually to these tribes trying to keep the antiquated reservation system alive.
- The upper graph shows tribes were dying off by their own means even long after the arrival of the colonists & settlement of the West.
- See further background research on my site, [Section 1- How Montanan Private & Public Property is Being Taken](#).
- The US DOI BIA has been infiltrated by primarily the tribes.
- There are 400 some more tribes asking for federal recognition from a few as two people.
- How insane can this self destruction model be and it is far far worse the more you know?
- I know the author Elaine Willman and she is a stellar Patriot and member of a tribe herself along with her husband. She has written three books on this government.
- Muni, State and Feds have created a faux sovereignty shield over this self destructive political mess to embolden more dependence and codependence.
- The reservation system was originally meant as a “safe harbor” while the tribes assimilated.

Tribal Tyranny - Part 2 of 2

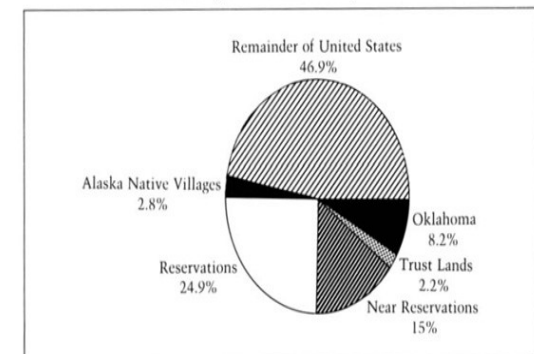

- Elaine Willman has found an escalating federal, state & tribal abuse of property rights, business competition, massive legal activity to take adjoining private and public property, mineral and timber resources and water.
- A freakish combination of allowing the tribes to stay on reservation and not assimilate and vaccination and massive federal and state funding has encouraged about 3% to 20% of the tribes to stay on the reservations.
- Of that, a small handful of tribal leaders are controlling the funding distribution and power.
- This includes allowing the tribes to create their own government and go around all local, state and federal laws.
- This includes allowing the tribes to sell off public land minerals, timber, water, etc. including the [Uranium One Scandal](#).
- American Tribes, all 574 with another 400 in line are being subsidized \$ 20 BILLION ANNUALLY!
- An elder in the Flathead Reservation of Salish and Kootenai tribes told me at a bake sale in the basement of the old St. Igneous Catholic Church they were rich, while raising money to send a few of the young teen agers to a summer event.
- This is the mind set of over 200 years of a federal AND global plan to divide and conquer, e.g. balkanization.
- Surrounding property & business owners find themselves being driven from their property and losing their own resources.
- Aboriginal rights are a political label created by the globalist to further Balkanize national and individual sovereignty.
- Every human on earth comes from a tribe and race originally and we all were/are nomadic.
- **In America all tribes and races become one Nation under God.**
- **The reservation systems are as antiquated as municipalities.**

"If the white man wants to live in peace with the Indian he can live in peace. There need be no trouble. Treat all men alike. Give them the same laws. Give them all an even chance to live and grow. All men were made by the same Great Spirit Chief. They are all brothers. The earth is the mother of all people, and all people should have equal rights upon it. You might as well expect all rivers to run backward as that any man who was born a free man should be contented penned up and denied liberty to go where he pleases. If you tie a horse to a stake, do you expect he will grow fat? If you pen an Indian up on a small spot of earth and compel him to stay there, he will not be contented nor will he grow and prosper. I have asked some of the Great White Chiefs where they get their authority to say to the Indian that he shall stay in one place, while he sees white men going where they please. They cannot tell me."

14. Smartmatic's electoral technology was called "Sistema de Gestión Electoral" (the "Electoral Management System"). Smartmatic was a pioneer in this area of computing systems. Their system provided for transmission of voting data over the internet to a computerized central tabulating center. The voting machines themselves had a digital display, fingerprint recognition feature to identify the voter, and printed out the voter's ballot. The voter's thumbprint was linked to a computerized record of that voter's identity. Smartmatic created and operated the entire system.

15. Chavez was most insistent that Smartmatic design the system in a way that the system could change the vote of each voter without being detected. He wanted the software itself to function in such a manner that if the voter were to place their thumb print or fingerprint on a scanner, then the thumbprint would be tied to a record of the voter's name and identity as having voted, but that voter would not tracked to the changed vote. He made it clear that the system would have to be setup to not leave any evidence of the changed vote for a specific voter and that there would be no evidence to show and nothing to contradict that the name or the fingerprint or thumb print was going with a changed vote. Smartmatic agreed to create such a system and produced the software and hardware that accomplished that result for President Chavez.

16. After the Smartmatic Electoral Management System was put in place, I closely observed several elections where the results were manipulated using Smartmatic software. One such election was in December 2006 when Chavez was running against Rosales. Chavez won with a landslide over Manuel Rosales - a margin of nearly 6 million votes for Chavez versus 3.7 million for Rosales.

17. On April 14, 2013, I witnessed another Venezuelan national election in which the Smartmatic Electoral Management System was used to manipulate and change the results for the person to succeed Hugo Chávez

- ✚ We must frequently refresh ourselves with the true & honest fundamental intent even if we have to dig it out of the dirt.
- ✚ I will prove to you with at-a-glance extracted material from my research how corrupt the constitutions have become!
- ✚ [A Primer on The Corruption of the Constitutional Conventions](#)

Short Abstract

- ✚ This is a primer on crony constitutional conventions and how the original several states AND the following new states cooked their constitutional books and ultimately the revised codes, and installed a feudal and tyrannical network of British originated municipal corporations, progressive law and codes far worse than the colonial hated British Common Law. Thereafter, they subverted and ignored their own higher court rulings and decimated the separation of branches and powers.
- ✚ All this corruption has lead to an exponential rise into the current police state. There was never a true and honest separation of power in the new union, nor the ensuing states. The political and legal elite aggressively centralized, occupied and controlled all the branches and increasingly integrated themselves within all levels of this new government through a wide and growing network of beneficial professional and public associations including municipal corps.
- ✚ The collateral aftermath of corrupted constitutional convention cronyism and THEIR resulting "constitutions", created waves of increased takings of property which ultimately destabilized and collapsed the true and honest original intent of the highest charters and actions of this new experiment in individual freedom and liberty in America.

Note: The following constitutional research are key extracts and is available on my site [Link](#).

"Prior to the Treaty of Paris of 1783, which signified the end of the Revolutionary War, land in the rebelling States was owned in part by the King of England. The King granted rights and privileges related to these lands in the rebelling States following the historic British pattern.

However within the Treaty of Paris the King gave up his sovereign ownership of the land. **In this way most lands in the States became the property of sovereign individuals (not governments) without any State rights to taxation.** People dwelling in the US have unlimited right to contract, many freeholders exercised that right by exchanging municipalities the right to taxation in exchange for benefits from sharing resources with their neighbors.

This practice was adopted in large scale during the Great Depression as counties **DECEPTIVELY** began to bill Allodial landowner's taxes and offered services in exchange for payment without giving notice that such payment might imply transfer of Allodial owner from the individual to the State.

Deceit is a form of Fraud and thus this deceptive practice did not in fact transfer Allodial title, thus today, as in Noah Webster's day, in the United States, **most lands are Allodial as denoted by the words "fee simple" or (FREE OF FEE).**

"The Constitution does not extend and authorize what the Declaration of Independence condemned" – "Treaties and the Constitution"

"The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government."

Patrick Henry

§ 6. The constitutions of the American states are grants of power to those charged with the government, but NOT grants of freedom to the people. They define and guaranty private rights, but do not create them.

HANDBOOK of AMERICAN CONSTITUTIONAL LAW

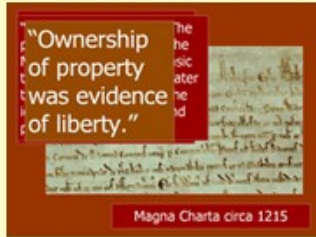

**by Henry Campbell Black, LL. D. Fourth Edition; West Publishing Company. 1927
THE CONSTITUTION IN TIME OF WAR.**

"The state constitutions in this country grant and limit the powers of the several departments of government, but, generally speaking, they are not to be considered as the origin of liberty or rights. [Ex parte Quarg, 149 Cal. 79, 84 P. 766, 5 L.R.A. (N.S.) 183, 117 Am. St. Rep. 115, 9 Ann. Cas. 747; People v. Warden of City Prison, 154 App. Div. 413, 139 N.Y.S. 277, 29 N.Y.Cr. R. 66.] But with more particular reference to the rights called natural, it must now be remarked that they exist before constitutions and independently of them. Constitutions enumerate such rights and provide against their deprivation or infringement, but do not create them. It is supposed that all power, all rights, and all authority are vested in the people before they form or adopt a constitution. By such an instrument, they create a government, and define and limit the powers which its agencies are to exercise, and they also specify the rights which the constitution is to secure and the government respect. But they do not thereby invest the citizens of the commonwealth with any natural rights which they did not before possess. This is shown by the provision found in the constitutions of many of the states that the enumeration, in the Bill of Rights, of particular rights or privileges shall not be construed to impair or derogate from others retained by the people."

III. Fundamental Constitutional Requirements (Key Extracts my site research [Link](#))

A Constitutional Republic is a state where the officials are elected as representatives of the people, and **MUST GOVERN** according to existing constitutional law that limits the government's power over citizens.

A Constitutional Republic is the current form of government in the United States. However in recent years, many people have criticized the federal government for moving away from a Constitutional Republic, as defined by the Constitution, and towards a pure democracy.

TeamLaw.org defines a Constitutional Republic as follows:

A Republic, by definition, has two principle elements. First, it is controlled by Law; therefore, it does not control Law. Second, it recognizes the private independent sovereign nature of each person (man or woman) of competent age and capacity; therefore, a Republic must be representative in its nature.

A Republic recognizes Law is unchangeable, or at least that it can only be changed by a higher source than government. In a Republic the concept of "collective sovereignty" cannot exist, except with recognition that the State or nation, as a body of sovereigns, can speak through one elected voice; though that one voice can never lawfully interfere with the private rights of the individual sovereigns.

“A Constitutional Republic” is a government created and controlled, at least, by the Law of a Constitution. The Constitution of the United States of America was, in Law, a foundation based on the Bible, the Magna Charta and the Declaration of Independence. Those documents recognize man’s sovereignty, the divine nature of man’s creation and man’s divine right to Life, Liberty, the means of acquiring and possessing Property, and the pursuit of happiness.

Jacks' comments: American's live in a Constitutional Republic NOT a democracy, huge difference. In a democracy, the citizens are slaves of the elites who control the cities, counties, state and the Mother of all municipal corporations, District of Columbia, USA Inc.

In a true and honest (self-evident) Constitutional Republic, the constitutions of each state and the union of the states must be strictly framed to the highest standards of a Constitutional Republic wherein each INDIVIDUAL natural born state Citizen is given absolute free choice as a King or Queen and a Son and Daughter of the land.

The use of "majorities" and "minorities" through a representative limited Constitutional Republic apply primarily to commerce between the states, issues with foreign governments, and protecting the independence of the states NOT to the individual rights, liberty, freedom and private property of the sons and daughters of the land. True and honest charters of free nations strictly limit government, NOT the natural born state Citizens who are born free and sovereign protected by Laws of Nature and Nature's God, the Declaration of Independence and the success and intent of the first American Revolution.

Tyranny of government was clearly condemned in the Declaration of Independence and the action of rebellion and success of the American Revolution. The natural born fought and died to free themselves from ALL forms of tyranny, taxing and taking of property and their traditions.

Constitutions of the land have NOT been honestly framed to protect all these unalienable rights. They have in fact been better framed to take everything versus protecting them.

[Democracy now in America, is the twin sister of Communism, check it out](#)

"A democracy is nothing more than mob rule, where fifty-one percent of the people may take away the rights of the other forty-nine."

Thomas Jefferson

"The American people had fought and won the War for Independence in order to escape from the corrupt English court system. But in less than ten years, the same antiquated system was forced upon them."

Constitutions - What You Are Not Taught - Part 6 of 7

- Extracted from my site Section III. Fundamental Constitutional Requirements [Link](#)
- Lysander Spooner a brilliant & prophetic jurist during the Civil War confirms all this research ([See end of Section III](#))

"These new Constitutions are not "constitutions" in the true sense. A true Constitution creates a government of, by, and for, The People; The People being the de jure Citizens of that society/community/nation. These new Constitutions are actually nothing more than "statutory laws" that are dressed up as Constitutions and referred to as such. The original Constitutions of states admitted to the Union before the Civil War (1861-1865) are based on the fundamental beliefs and concepts espoused in the Declaration of Independence. State constitutions drafted after the Civil War must be studied with a careful eye."

[Constitutions](#)

"In America, we now have three forms of Constitutions in operation. The first is the original [de-jure] Constitution of a state. Unless one initiates a court action that relies upon a provision of an original Constitution, the states now function exclusively upon the second form of Constitution - the new state Constitutions for federal citizens. The third form is the federal Constitution."

[Constitutions](#)

"Because the states no longer actively function on their original Constitutions, they only amend the newer ones. In accordance with the limited protections of federal citizens, amendments to these newer Constitutions can address virtually any issue and can impose restrictions and limitations that are not enforceable upon de jure state Citizens."

Constitutions - What You Are Not Taught - Part 7 of 7

➤ Finally I will leave you with this last stunning evidence that the State of Washington has no authentic true and honest constitution including the one they claim. This is a classic example of all of the above excerpts and how constitutions are perverted. [Go to Section IV. "Freedom From the State of WA That Never Was" re. Key Sections Comparison](#) and read this research documenting ALL the takings until you cannot stand it anymore.

You can see at a glance, in the above table, the massive trend of takings using a key word search. Blue shade indicates rights oriented, red is municipal corporation oriented. Study the context of the words in the above Compare Table Report Links and decide for yourself.

Note key word counts such as " land, property, rights, militia", are higher in the 1889 and current Constitution due in part because of amending. The amending was often done multiple times and the text changes, additions or deletions was not highlighted so it is intentionally difficult to see the changes.

The word "property" was amended in 8 sections of the current 2010 version of the 1889 Constitutions 21 times.

Municipal oriented words gained 473% and Rights oriented words only gained 277%. Note the one word of Allodial was taken out completely. Note the word pensions was never in the original constitution and was added 4 times, i.e. infinite % increase. Even more so for the word retirement went from no mention to mentioned 16 times, i.e. infinite %

In reality we have less to none of these rights. The basic founding and fundamental meanings of absolute protection of all our unalienable rights is so far gone to make "constitutions" mere municipal corporation bylaws more designed for seizure of our birth rights than protection of the same.

Conclusions

- 1) All levels of our government have been infiltrated by globalists and radicals not aligned to our consent of the govern and constitutional free Republic traditions and values.
- 2) The main stream media, all levels of government agencies, benefiting NGO's and globalists have taken over.
- 3) There are ONLY two simple remedies; (1) direct voter consent on everything government does and (2) serious vetting everything government does with the applicable state AND US Constitutions.
- 4) City and county municipal monarchies must be reconstituted into local cooperatives. The administration of these local coops is watched over by all the local citizens who are stockholders and employees. The coops are a nonprofit business of the local citizens. The coop bills its members/stockholders directly for direct services only rendered monthly. Stacking and taxing of public services you do not want must be stopped! Annual financial and election audits must be imposed and enforced to standard accounting standards. The coops are not allowed to stash huge funds like the municipal corporations. Any surplus must be redistributed to the local citizen stockholders. The coops are not allowed to usurp the income and wealth of the local citizens based on the value of their private property or the year like the municipal corporations. The coop is an operational function not administering forced codes and regulations the local citizens do not agree with. Cooperatives only maintain the necessary infrastructure the locals request and vote for. There is no mayor and no council members to extort the local citizens. The locals are involved directly and indirectly on all decisions at all levels. Member/stockholders vote and pay for services they use. Rural Electric Coops are organized similarly. Municipal corporations are way out of their constitutional sand box.
- 5) We also need mandatory & uniform ENFORCED election standards nationwide at all levels, federal, state, city and county municipal corporations. No voting machines must be allowed, no mail in ballots allowed, voter ID must be required and all signatures must be individually inspected to match. If election standards cannot be set across America on all municipals and enforced we need to move all the election functions to an independent bipartisan transparent locally monitored and audited operation. Here is a good column by an unusual source, the NY Times, calling for the feds to take over election standardization. Even the far left "New York Times" is complaining about the lack of election standards: [America Votes by 50 Sets of Rules. We Need a Federal Elections Agency.](#) Here is another more conservative good article addressing the need for federal election reform: [Op-Ed: We need federal election reform, not federalism.](#)

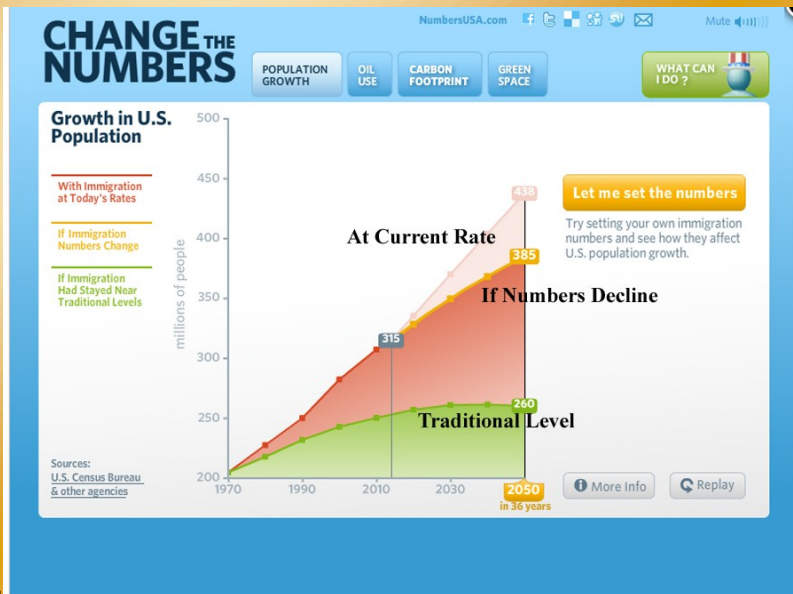

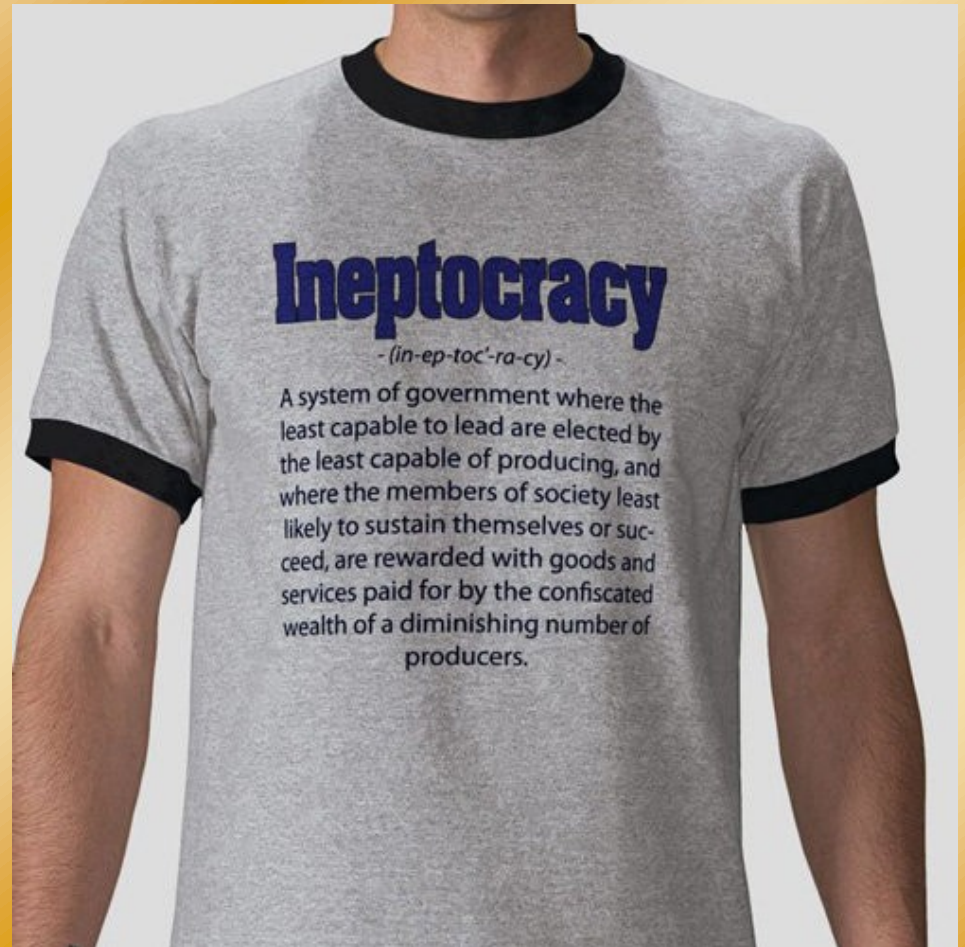

- 6) The current form of “electing” a “representative” does not work and has never worked. Publically elected citizens are not given your Power of Attorney to take anything especially your wages, pensions, private property, etc. Plus they can be easily bribed and pressured to do the bidding of the party or globalist.
- 7) A True and Honest Free Constitutional Republic separates its sovereign state Citizens with a firewall between the government and the corporations, this is not being done and it is killing all of us.
- 8) A true and honest Constitutional Free Republic is ONLY funded by legitimate sources of revenue, i.e. uniform indirect taxes on state created corporations, customs, duties and imposts on foreign corporations importing goods and services to America, the sale and lease of state natural resources, the printing /minting of value based currency and coins and cost avoidance. The government and the natural born state Citizens do NOT pay interest on fractionalized currency and coin circulated for their own use. [Link](#).
- 9) Communism forms of government have infiltrated America.
- 10) Governments, local to federal to global have weaponized the very agencies set up to protect us, i.e. intentional globalism.
- 11) Globalist transnational corporations and American corporations are NOT paying their share of the burden of government and have transferred 81% to 89% of the federal cost to individuals.
- 12) 737 transnational firms own 80% of the wealth of the corporate network studied.
- 13) 65.7% of your life wages & pensions are taken by force by those you “elect” without your consent and against all of the laws of the land. This is totally and absolutely unnecessary and goes against all the fundamental and founding laws.
- 14) Globalism is like a rat carrying a plaque killing all individual jobs, sovereignty, freedom, liberty and free choice. All American industries must be brought back to America, without exception. This global experiment not only did not work it has destroyed America and all of its greatness.
- 15) Environmental extremism, UN Agenda 21/2030, regionalism, radical government agencies, radical legislation all are allowed to be created, funded by debt and strangling direct tax taking and rolled out without the consent of the govern, not vetting with the state and US Constitutions and without coordination and full disclosure and vote by the people.

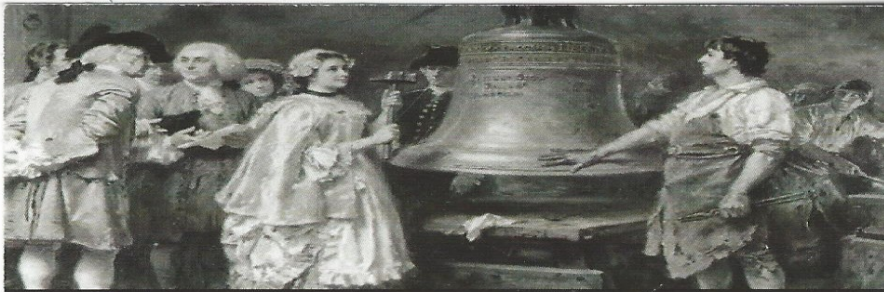

- 16) Anarchy and tyranny are allowed to seed themselves and grow in American streets and government intentionally.
- 17) City and County Municipal Corporations and states allow garbage and human waste and homeless to take over.
- 18) The municipal corporation is an antiquated British Royal despotic monopoly that should have been thrown out after the first American 20 year revolution (1763 – 1783) and replaced with voluntary local cooperatives. Municipalities are only meant to be an operational maintenance arm of the people for their infrastructure. Operational organizations have absolutely no authority over the sovereign American state Citizen! This network of munis must be reconstituted into voluntary coops immediately to reset America to make it Great Again.
- 19) The United States of America must withdraw its support from all globalist organizations and activities including the UN, Agenda 21/2030, stopping the exporting and importing of jobs and labor, sealing all borders tight.
- 20) The federal government must be driven out of our educational system.
- 21) Our traditional belief system and values must be reestablished.
- 22) Globalism and the destruction it has done to America must be taught in all our school, colleges and universities.
- 23) The media monopoly of 6 corporations must be broken up using the Sherman Antitrust Act plus whatever it takes.
- 24) The private fiat central banking model must be thrown out of America and replaced by a hard precious metal based currency system of federal and state controlled mints. The central bankers are killing US with usury and devaluation.
- 25) The U.S. Dept. of Interior Bureau of Land Management must be broken up completely and scattered to other agencies in many pieces. The U.S. DOI Bureau of Indian Affairs must be done away with completely along with the out dated and ridiculous reservation system which is costing Americans \$20 plus billion annually plus the transferring of all the state land, mineral, timber and water resources to control of the Deep State and globalist, the real dark agenda!

26) Are you supporting and making America dependent on globalism? Watch where you shop, what you buy and who you hire. There are no exceptions for making American dependent on a foreign country especially embracing Communism. Yet retail stores, box stores, manufactures & many good Americans will support “Made in China” because well it’s “cheaper”, “no other choice”, “I don’t care”, “everything is global now”, etc. Forget those excuses let’s bring it home! The buck stops with US.

26) Our political system is out of control and far out of its constitutional limited sand box!

- The extreme left is more organized, better funded and wants your private and public property more than the owners.
- They have the support of the globalist, [Chinese Communist Party](#) (CCP Influence Op in USA), the street terrorists, socialists, environmental extremists, George Soros and his ilk, et al.
- The average American cannot sit on the sidelines anymore and watch this circus take CONTROL OF US.

28 PRINCIPLES OF LIBERTY

1. The only reliable basis for sound government and just human relations is Natural Law.
2. A free people cannot survive under a republican constitution unless they remain virtuous and morally strong.
3. The most promising method of securing a virtuous and morally stable people is to elect virtuous leaders.
4. Without religion the government of a free people cannot be maintained.
5. All things were created by God, therefore upon Him all mankind are equally dependent, and to Him they are equally responsible.
6. All men are created equal.
7. The proper role of government is to protect equal rights, not provide equal things.
8. Men are endowed by their Creator with certain unalienable rights.
9. To protect man's rights, God has revealed certain principles of divine law.
10. The God-given right to govern is vested in the sovereign authority of the whole people.
11. The majority of the people may alter or abolish a government which has become tyrannical.
12. The United States of America shall be a republic.
13. A constitution should be structured to permanently protect the people from the human frailties of their rulers.
14. Life and liberty are secure only so long as the right of property is secure.
15. The highest level of prosperity occurs when there is a free market economy and a minimum of government regulations.
16. The government should be separated into three branches: legislative, executive, and judicial.
17. A system of checks and balances should be adopted to prevent the abuse of power.
18. The unalienable rights of the people are most likely to be preserved if the principles of government are set forth in a written constitution.
19. Only limited and carefully defined powers should be delegated to government, all others being retained in the people.
20. Efficiency and dispatch require government to operate according to the will of the majority, but constitutional provisions must be made to protect the rights of the minority.
21. Strong local self-government is the keystone to preserving human freedom.
22. A free people should be governed by law and not by the whims of men.
23. A free society cannot survive as a republic without a broad program of general education.
24. A free people will not survive unless they stay strong.
25. "Peace, commerce, and honest friendship with all nations: entangling alliances with none."
26. The core unit which determines the strength of any society is the family; therefore, the government should foster and protect its integrity.
27. The burden of debt is as destructive to freedom as subjugation by conquest.
28. The United States has a manifest destiny to be an example and a blessing to the entire human race.

De facto government defined:

One that maintains itself by a display of force against the will of the rightful legal government and is successful, at least temporarily, in overturning the institutions of the rightful legal government by setting up its own in lieu thereof. *Wortham v. De facto judge defined:

A judge who functions under color of authority but whose authority is defective in some procedural form. *Riley v. Bradley*, 252 Ala. 282, 41 So.2d 641

Now you can see clearly the difference between what was intended (the 28 Principles Of Liberty) and what the Globalist disease carrying Deep State rats drug into America, i.e. De facto defined government.
