Tim & Jack and Mike are too kind, see below email.

There are no words to describe the brainwashing in Olympia WA Inc. and all the urban political cesspools in America who are self deluded to believe they have been given any power at all, let alone the power to pretend they can nullify individual consent. However, these few come to mind, hypocrisy, meglomania, feudal liability, coverups, arbitrary, caprecious, exploitable, hodgepodging, bullying, boutiquing, ambushing,

involuntary servitude, punitive, indoctrinative, .

The era of the "Divine Rights of Kings" and the church ended after the 20 year war for independence of the colonies, 1763 to 1783. The highest laws of the new American frontier were reestablished, i.e. the Laws of Nature and Nature's God and the Declaration of Independence. The kidnapped power as well as the land of feudal and medieval kings and queens and the church were transferred in treaty to the new natural born Americans, natives and naturalized. Over 100,000 of King George III sympathizers left and returned to Canada and England as the tide of oppression karmically, turned against them.

In a soon to be released presentation you will learn how your individual divine and sovereign power was translated into the present form of so called "government" in America. The picture on the puzzle box of a so called Constitutional Republic is a political ploy and lie.

Would it shock you to learn -

1. There was **NO legitimate true & honest** transfer of power to or from any body of men, commonwealth, republic, or confederation after the American Revolution.
2. Would it further surprise you, that individual divine nature, sovereignty and power cannot be bestowed, delegated, represented, entangled or contracted away by anyone, most especially to or by artificial bodies of self serving royalty, monarches or so called "senators" or "representatives".
3. How could a so called "Constitutional Republic" be sold to 3 million colonist as a "representative" form of "government" when in fact the act of centralizing is a confiscatio of power and the the act of "representing" someones God given rights is an absurdity.
4. Lysander Spooner makes this case in spades. Those who somehow believe they have been given such supreme power and force to control the natural laws and natural born of this land, still live in the middle ages.
5. Every government cereal agency in this state along with the so called "3 branches" of tyranny hell are deluded enough to believe they can write any law over a free man or women while they give themselves

Municipal government employees and corporations destroy lives and traditions based on agenda junk legislation, administration and law. In addition this Matrix refuses to change or worse, cannot see their their true nature in the mirror. When force is removed, power will quickly flow back to the rightful

kings and queens of the land. The American form of British royal municipal corporate monarchy which has been created and allowed to grow at the expense of the blood, sweat, tears of the sons and daughters of this land, must be stopped. Taking private and public property including jobs under false flag environmental myths and half truths must be ended now.

This monopoly and feudal organizational hierarchy and network of American cities, counties, states and D.C. Inc.(local to global) monarchies is exactly why all our rights have disappeared. These debased pyramids of power prevent all new creative experiments of alternative systems of free government.

Once this grip of involuntary servitude is broken, a new frontier will open. It will be individual freedom and liberty - "Next Generation". As society evolves, power shifts from the ruling tribes to the "royal blood lines", "divine rights of kings" and the ruling "priests" and to the political party strong arms. Ultimately this form of self serving tyranny evolves into a small limited government and then no government all.

With this new perspective, I am hoping you may have a new image of the current apparatus in Olympia, Washington and Helena, Montana. The urban ruling monarchies have been long been established on lies and deception, professionally orchestrated by brilliant kings, queens, priests, noblemen, politicians, lawyers, central bankers, planners and global elite.

I leave you with some homework before the next transmission, "Power vs. Force - The Hidden Determinants of Human Behavior" by David R. Hawkins, M.D. You will be ahead of the curve if you get this book, used cheap, and just take one minute and glance at the chart on pages 68 or 69 or you can do a key word search.

The bottomline you will never believe is the so called union of the states and territories later to become so called states, counties, cities, have no true and honest power over individual natural born, native or naturalized state Citizen. If this government fiction did convince you they did have power over you, you would be a slave to them. Do you get the picture now? "I told you so", you will never believe this! Six years of research confirming this is all on my site, but only two thirds of one percent will the effort, i.e. (.006667)

Return to your cell.

RE: National organization trying to shut down initiative process everywhere - how does the Ballot Initiative Strategy Center describe itself?

We've been highlighting House Bill 1668 and Senate Bill 5297 and how there is simply no justification for all the new burdens it imposes on the initiative signature gathering process, especially for its' \$360,000 price tag (that'd pay for 6 teachers in our classrooms). As we wrote concerning Washington state's track record: "12 years, 12.7 million signatures, 1 problem SEIU volunteer."

But there's a national organization called the "Ballot Initiative Strategy Center" that pushes anti-initiative bills in legislatures throughout the nation. They have a national agenda to shut down the initiative process everywhere possible. But their press releases always portray themselves as nonpartisan. But check out how they describe themselves on their own website:

About Us

Ballot Initiative Strategy Center is the progressive community's only research and capacity-building organization focused solely on the ballot measure process. Ballot measure campaigns affect everything progressives fight for - even the results of candidate races on Election Day. But for decades, the initiative process has been hijacked by well-funded, well-messaged campaigns from the right wing, while progressives have played a weak defense that can - at best - maintain the status quo.

2/19/2011

With the support of **visionary funders** and committed national and state partners, BISC:

- Engages progressive leadership on a wide range of ballot measure issues including fighting for working families, reproductive justice, LGBT equality, immigration, equal opportunity, and clean energy.
- Analyzes ballot measure funding to inform smart investments in a coordinated ballot measure strategy.
- Assists our partners in moving from defense to offense by challenging our opponents at every turn.
- Conducts in-depth, multi-state research to understand the ballot measure process, inform smart strategies, and measure success.
- Identifies the weaknesses in state initiative processes and advances reforms that hold right-wing activists and their corporate backers accountable.

Notice that they don't care about holding left-wing backers accountable.

Many politicians who are pushing HB 1668 and SB 5297 will point out that the 'nonpartisan' Ballot Initiative Strategy Center has given Washington an "F" grade on our initiative process. But to anti-initiative zealots like them, Washington's initiative process is bad because it's working. They've not been able to get their anti-initiative proposals passed in Washington state because (1) our state Constitution prevents them, (2) our current laws are deterring bad behavior, and (3) our great track record: 12 years, 12.7 million signatures, 1 problem SEIU volunteer.

Please send one more email to ALL legislators (they can all vote so they all need to hear from all of us) -- 'cut and paste' the list of email addresses provided below into the 'bcc' portion of an email from you (one email for the senate, one email for the house) -- and tell them "Don't let an out-of-state progressive organization take away our initiative process. It's not worth \$360,000 of my tax dollars to fund their anti-initiative agenda. Vote no on anti-initiative bills HB 1668 / SB 5297."

And if you can, come to Olympia to testify at one or the other or both hearings (Wed 8 am, Thurs 10 am).
