

David S. Sidersberg, Ph.D., Project Chairman • State Department Watch • PO Box 97343 • Washington, D.C. 20009 • 202-993-7343

Dear Friend,

Can you think of ONE good reason we're shipping billions in tax dollars to the anti-American jackals at the United Nations?

I can't.

But I CAN give you **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW.**

Please take a moment to sign and date the enclosed **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION**. I'm going to slap your signed **PETITION** -- along with thousands and thousands more -- on the desk of Senate Majority Leader Mitch McConnell...

...and demand that any Continuing Resolution, or actual budget, submitted to the United States Senate for a vote provide NOT ONE THIN DIME for the United Nations or any of their affiliated organizations -- including so-called "peacekeeping" missions.

He's going to get the message from people just like you and me:

Americans are furious at having to pay through the nose for this expensive, outdated, anti-American organization at a time when we need every penny here at home.

Here are my top **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. -- NOW!**

- 1. It's incompetent**
- 2. It's corrupt**
- 3. It's anti-American**
- 4. It's ungrateful**
- 5. It's costing American taxpayers BILLIONS of dollars a year -- money that's badly needed right here, right now**
- 6. It's eroding the sovereignty of our United States of America and**
- 7. It's secretly executing a plan to become the seat of government in the coming One World Government**

I'll go into more detail about the **SEVEN INDISPUTABLE REASONS** in a minute, but I just want to remind you about our organization:

State Department Watch has spent over two decades in detailed study of the inner workings of international bureaucracies like the United Nations.

We've fought our own State Department for years for giving away American territory in the Arctic, we've fought against globalist threats like Agenda 21 and the new Agenda 2030 along with other U.N. power grabs, and we've battled President Obama's attempt to seize dictatorial powers.

But today, I want to strike at the heart of the Big Government globalist machine and I need your help to do it.

There is only one solution to the United Nations problem for America:

GET OUT NOW!

Right now, leadership in Congress is more receptive than ever to our message...

...which gives us our best-ever political opportunity to get us out of the U.N. forever.

So, please sign the **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** and help me to send a message to Congress via Majority Leader McConnell.

(over please)

Let's look at my **SEVEN INDISPUTABLE REASONS** for getting the U.S. out of the U.N. and the U.N. out of the U.S.

Reason Number 1 -- Incompetence

Recently, the U.N. Relief and Works Administration (UNRWA) allowed Hamas to use the schools the U.N. runs in Gaza to store the weapons Hamas is using to shoot rockets at Israel from Gaza. They are supposed to be peacekeepers, not acting as an arms warehouse for terrorists!

Its peacekeeping missions hardly ever work (the one in Palestine has been there since 1948 -- and there is still no peace!), its Commissions seldom resolve anything, and even its own website is reduced to citing achievements as sordid as the fact that it's the world's largest purchaser of contraceptives.

In addition, there is no accurate accounting for the programs that span the U.N.'s 37 agencies, innumerable "funds," programs and commissions -- and no plan to ever introduce fiscally responsible accounting in the future.

Reason Number 2 -- Corruption

Corruption is rife at the United Nations. Consider the Iraqi Oil-for-Food scandal, where billions of dollars meant to provide food and medicine for Iraqis was siphoned off either into the Swiss bank accounts of U.N. bureaucrats like Kofi Annan and his son or to give the late dictator Saddam Hussein even more money to buy weapons and terrorize his people.

Now, it appears the U.N.'s program in Afghanistan has double-paid many of its employees as well as employing so-called "ghost" soldiers.

And if you think the U.N. has cleaned up its act, think again.

I'll bet you didn't hear about this from the mainstream media: John Ashe, the President to the United Nations General Assembly in 2013 and a major player in the U.N. for years, **was just arrested for taking massive bribes.**

It's not all just greedy corruption. U.N. peacekeepers were found to be sexually abusing helpless women and children in exchange for food.

Recently, French U.N. peacekeepers were accused of molesting multiple small boys on a deployment in the Central African Republic. The allegations only came to light thanks to a U.N. aid worker who was suspended as a result of the leak.

As one observer said, it's U.N. policy to "ignore, deny, cover up, dissemble" any sexual violence in its ranks.

Reason Number 3 -- Anti-American

Despite the shedding of blood by American troops in defense of people the world over, the United Nations remains resolutely anti-American. The predominant beliefs within the U.N. are Marxist, with totalitarianism coming in a close second. Dictators, murderers and crooks frequently lecture the U.S. on its human rights record and deride our culture.

Consider the increasing politicization of the U.N. General Assembly, which is not able to agree on a definition of the word "terrorism" but continues to condemn the United States, even sending an official U.N. delegation to the United States to investigate bogus claims of American human rights violations and another to "monitor" our elections.

And these same so-called "human rights" champions REFUSE to condemn Al Qaeda, ISIS or any Islamic radical terrorist groups!

I'm sure you'll agree that it's time to chop the head off this snake and get back our money, our land, our equipment and our armed forces. Please, sign and date your **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** and return it to me today.

Reason Number 4 -- Ungrateful

The U.S. is by far the largest contributor to charitable projects administered by the United Nations. It is especially generous in sub-Saharan Africa and the Middle East. It is a generosity of spirit that is completely unreturned. In over 70% of votes, the countries that receive the most money from America vote **against us** in the U.N. Do you remember the intemperate speeches -- generally greeted with wild applause -- that compared then-President Bush with the Devil, threatened our nation, and even declared Holy War on us?

(next page please)

Reason Number 5 -- Costs way too much

The U.S. is committed under the U.N. agreement to pay for around a quarter of all "regular" budget items. That alone costs the U.S. taxpayer more than half a billion dollars per year. In addition, the other costs -- for peacekeeping operations and all the endless programs and funds the U.N. administers to keep other nations from killing each other, or starving their people to death, or keeping murderous dictators in private jets -- bring the total to **\$1.9 Billion!**

To put it in perspective, China, which has foreign exchange reserves of more than \$2.62 trillion, contributes 4% to U.N. peacekeeping; India, with billions of dollars in reserves, contributes a measly 0.1% -- while the struggling U.S. contributes **27%** of the entire U.N. budget!

Reason Number 6 -- Eroding America's sovereignty

Day by day, the unelected bureaucrats conspire with the internationalists in our own government to cede our nation's sovereignty to the United Nations through international treaties and agreements that pass power from the U.S. to the U.N. Slowly but surely our nation is being gobbled up by the U.N., and unless we stop it now our United States will disappear forever.

Just this year, the U.N. Arms Trade Treaty aimed at killing our 2nd Amendment was rammed through the General Assembly and U.N. officials are plotting to build a world police to enforce its dictates!

Reason Number 7 -- The U.N. is executing their plan to become the World Government

Over 50,000 U.N. bureaucrats and tens of thousands more "consultants" are executing their secret plan to make the United Nations into the seat of government in the New World Order. Every other nation -- our United States included -- will be absorbed into this One World Government and we will be forever at the mercy of unelected U.N. bureaucrats.

That's why I must ask you to sign your **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** and return it to me immediately.

I want to take your signed **PETITION** and deliver it immediately to Senate Majority Leader Mitch McConnell, right there in his office in Washington, DC. Your support is vital. And I must have it now. Thank you.

At this crucial time in our history...

...instead of standing firm against the United Nations...

...the ultra-liberal President Obama and the John Kerry State Department have already begun to creep and crawl to the odious U.N. Human Rights Council by reporting Arizona's then-Governor Jan Brewer for "human rights abuses" in her stand against illegal immigration.

And like all liberals, Hillary Clinton, while Secretary of the U.S. State Department, held the U.S. Constitution in utter contempt, and continually voiced her support for a United Nations worldwide ban on private firearms -- an unconstitutional treaty recently signed by her successor, John Kerry.

This is intolerable. They must be stopped.

Please join with me in petitioning Senate Majority Leader Mitch McConnell to get us out of the U.N. Let's make him look at our SEVEN INDISPUTABLE REASONS TO GET OUT OF THE U.N. NOW!

It's time to let the Congress know exactly how we feel. They must defund all U.N. contributions and start our withdrawal from the U.N. as soon as possible. Defunding could not be timelier right now, with the most sympathetic Congress we've ever had.

That's why your support is so vital right now. Already, I and *State Department Watch* are gearing up to take this message to Congress with every tool we have.

First, I must ask that you sign and return your **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** immediately. Your personal support in this battle for the future of our nation is critically important. I can't do it without you.

Then I must add thousands of voices to yours. Only if we collect a huge number of signed **PETITION** appeals along with yours, and deliver their powerful message to Majority Leader McConnell, can we be sure he knows that we truly believe this is the moment for the United States to get out of the United Nations.

I know this is an ambitious plan. It would be the greatest sea change in American political history. But the time is right; we can make it work.

Please, take a moment right now to sign and return your **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** to me in the envelope I've enclosed. I must hear from you immediately.

And with your completed **PETITION**, I must ask you to include your best possible contribution to help *State Department Watch* stand up to the One Worlders at the United Nations and the United States Department of State and help save our America.

As you know, *State Department Watch* receives no government funds and no massive corporate grants.

We can only rely on patriots like you.

That's why I must ask you to contribute as generously as you can.

I know I sound urgent. I must stress -- time is of the essence.

I intend to stage an all-out 90-day campaign to force Congress to listen to us as they vote on the Federal budget. We cannot allow funding for this anti-American organization to continue.

Our internal, bare-bones budget for this campaign calls for an additional \$76,700 in funding above and beyond what *State Department Watch* has been able to commit so far. And I must raise at least \$35,400 of that within the next 30 days.

Please sit down right now and send your most generous contribution to help me and *State Department Watch* save our United States of America.

If you can afford it, please send \$2,000 or \$1,500, or maybe \$1,000 or \$500, or \$250 or \$100, or even \$50 or \$35 or \$25. But please, whatever you can send, know that it will be well-used to convince Congress that America must leave this outdated, corrupt and expensive organization.

Please, send your signed **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** and your contribution right away. Every day of delay loses us the opportunity to get the U.S. out of the U.N. And there is no time to lose.

Thank you for your support. And God Bless America.

Sincerely,

Mark Seidenberg, Ph.D.
Project Chairman
State Department Watch

P.S. I can't think of a single reason why your tax dollars are still being poured down the rat hole that is the United Nations. But I CAN think of at least SEVEN reasons why they should not. Please sign and return your **SEVEN INDISPUTABLE REASONS WHY WE SHOULD GET OUT OF THE U.N. NOW PETITION** to me today. It's the right time to convince the Congress with the top **SEVEN** reasons to finally cut these anti-American international bureaucrats off from the gravy train provided by you, the American taxpayer. There is no time to lose, so please respond today. Thank you.
