**Subject:** The Slippery Slope of Censorship and Ashville NC  
**Attachments:** Beware The Slippery Slope of..... (47.2 KB); Murder for Minerals? (76.2 KB)

To: My Property Rights Friends and Family

[Group 1](#), [Group 2](#), [Group 3](#), [Group 4](#), [Group 5](#), [Group 6](#), [Group 7](#), [Group 8](#), [Group 9](#), [Group 10](#), [Group 11](#)

1. Ben & Tina Garrison, my Montana neighbors, always show it best at a glance – see attached and below and sign up for their free email feeds and support them through their great graphic art work!

2. Dr. Peter and Ginger Breggin Alerts Exposing Global Predators

 <https://gingerbreggin.substack.com/p/appalachia-murder-always-happens?r=ipwd2&triedRedirect=true>

3. Murder For Minerals – by Kat from Kat’s Meow

 See attached incoming email.

Stephanie and I have also confirmed that FEMA is turning away help from a local Rollins, Montana person who took his rig and excavator to Ashville, NC to help redirect a river. He drove for 4 days to get there and was stopped by FEMA personnel who told him that only authorized government contractors could give aid.
