Jacks Notes of Alex Jones & Dr. Greer Interview March 7, 2025

The schematic diagram above and my typed up notes below were taken from an interview Alex Jones did with Dr. Stephen Greer MD March 7, 2025. I am taking the time to do this work because of the growing enormity of the scope President Trump will have to deal with to dissolve an avalanche of decades of glacial layers of global to local deep state networks, e.g. "NGOs rerouting our illegitimate direct tax and indirect tax taking to themselves in a feedback loop that would "dazzle" us engineers. Dr. Steven Greer recently stated he will neither deny nor agree he has been meeting with President Trump re. this subject. This was later after this interview.

P.S. "Wrap your mind around this - If you can't believe the above, this is just the tip of the iceberg being withheld from you on top of the generations of deception we have lived through intentionally preventing us from imagining how not only our property rights have been thoroughly taken but also our unalienable rights, think divine rights which have long been taken down beyond any recognition of the reality originally given to us. We are now entering the long awaited Golden Age or the Great Awakening which will even stagger Elon Musk."
