

“I don't believe people should be able to own guns.”

Professor Barack Hussein Obama

Dear Friend,

President Barack Hussein Obama doesn't want us to have firearms. He only wants rich elitists like him and his Hollywood celebrity friends to benefit from the comfort of armed protection. He is, and always has been, radically dead-set against private ownership of guns.

In fact, he's so committed to destroying the Second Amendment that he is working non-stop to make its defeat a part of his legacy.

Right now he is doing everything -- and I mean everything -- in his power to disarm you and the rest of America.

He's getting so desperate that he is sinking really low. So far he has:

- * shut down the only primary lead manufacturing plant in America (*this is key, and I'll get back to it in a minute*),
- * snuck an anti-gun vote through the House,
- * gone around Congress by using regulations instead of legislation to change the rules,
- * planted left-leaning, anti-gun judges throughout the federal justice system,
- * connived with the United Nations on a global treaty to ban private gun ownership, and,
- * bought up billions of rounds of ammo to prevent *We, The People*, from ever getting hold of any!

Like every tyrant before him, he understands how to play it. Just like Hitler, Stalin and Chairman Mao, he knows that you disarm the populace first. That way no one can fight back -- and you can impose whatever system you wish.

I've got news for that wannabe tyrant:

You and I ARE going to fight back! Starting today!

That's why I must ask you to please complete and return the enclosed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** and return it to me in the envelope I've provided. We must make our voices heard.

I'm Bob Russell. I'm a lifelong hunter and Second Amendment activist. In the military, I trained as an Army Special Forces Heavy Weapons Specialist at Fort Bragg, North Carolina. Now I've volunteered to serve my nation again as Project Chairman of *To Keep and Bear Arms* in its vitally important mission to protect our Second Amendment rights from the anti-gun Liberals in the far left of the Democrat Party.

Everything I read or hear from my contacts across the country causes me to truly fear for our America.

And it all absolutely confirms everything we feared about Obama and his radical anti-gun Administration.

He really is after our guns. And he's coming at them from all angles.

One front is not enough for these anti-gun zealots!

(over please)

Let me go back and talk about primary lead.

Ammunition must be smelted from virgin lead. In the trade it's known as primary lead. Until recently, the U.S.A. had one primary smelter: The Herculaneum, owned by the Doe Run Company in Missouri. Its output was the only source of ammunition-grade lead produced anywhere in America.

It had 143 employees and 73 contractors. It was the heart of the town. It complied with all environmental regulations. Right up until the moment when Obama used the Environmental Protection Agency to shut it down.

Deliberately, and without any justification, the EPA just changed its rules about lead particles in the air. It forced the company to reduce its lead emissions to one-tenth of the previous legal level -- a ludicrously low amount. Even the power-mad eco-nuts in the European Union allow a level ten times higher than what the EPA now says is safe.

It was a cold-blooded, malicious act by the Obama Administration with only one purpose -- to stop the manufacture of ammunition in America.

The Doe Run Company could not afford to comply and had to shutter its smelter.

Bottom line -- we can no longer produce ammunition-grade lead in America. We will have to buy every single ounce of primary lead from overseas. It'll be way more expensive -- if Obama doesn't ban it altogether. Or tax it. Or create another "rule."

Can you imagine it? America can't produce its own bullets! Obama is out to neuter the United States of America and destroy the Second Amendment!

Which bring me to my Obama riddle: "*When is a gun not a gun?*" The answer?

"When it's a very expensive club!"

That's exactly what Obama is doing. By taking away our ammunition he's gutting our right to bear arms and turning us into a nation of club carriers.

Obama is an anti-gun zealot. Period. And he's very, very determined to confiscate our firearms and destroy our Constitutional rights. He didn't think twice about closing down an entire town -- an entire industry -- in his lust to make our guns useless.

But you and I can fight him. In fact, we must fight back.

If Obama takes away our guns we will never, ever, get them back. The Left will make sure of that. Please help me and *To Keep and Bear Arms* battle against this terrible threat to our right to own guns. Join our cause today. Please complete and return the enclosed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** today -- by return mail if possible!

He knows he's running out of time. He must strike now before his time is up. He's already made his opening moves by having his administration buy billions of rounds of ammo...

...limiting our choice in firearms by Executive Order and regulation...

...demanding a nationwide firearm registration scheme...

...appointing left-wing judges to all levels of the Federal courts who will stop at nothing to end individual gun ownership and,

...pushing for his ultimate goal...

...totalitarian legislation to overturn the Second Amendment -- and a well-armed government militia to enforce it and take away our guns!

(next page please)

We absolutely must defend our Constitutional right to keep and bear arms, right now!

Please complete and sign the enclosed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** so I have your opinions recorded and registered. Then return it to me in the envelope I have provided along with this letter.

I want to be able to deliver the results of this nationwide **SURVEY** to the White House, the United States Congress and the fair and balanced media, just as soon as I possibly can. We must educate our "leaders" about the beliefs of true Americans before Obama fulfills his stated goal and snatches away our Second Amendment rights forever.

Obama has a long history of trying to take away our firearms. In 1996, he supported a ban on handguns; in 1998 it was a ban on semi-automatics; and in 2004 he tried to ban gun sales within five miles of a school or park -- which would pretty much have closed down all gun stores.

His Administration has backed and signed the United Nations Small Arms Treaty, which would only allow his bodyguards, government forces -- and, of course, criminals -- to carry guns...

...and pushed for a National Gun Registry so he knows where your guns are...

...and demanded background checks for all gun sales (ending private sales and transfers between friends and family)...

...and issued twenty-three anti-gun presidential Executive Actions -- **23!!!**

We absolutely must make a stand. I, and *To Keep and Bear Arms*, are going to join with pro-Second Amendment legislators, pro-gun Congressmen and Senators, and like-minded organizations...

...to prevent the White House from achieving Obama's greatest desire...

...disarming the American people and creating a state where only the ruling powers (and criminals) are armed.

Please join us by completing the enclosed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** and returning it today.

Right now, I'm ready to take your opinions to Washington and demand these elected officials stick to their solemn Oath of Office and defend the Constitution of the United States.

To Keep and Bear Arms is committed to representing you, and your specific views as reported on your **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP**, before this Congress, the Obama Administration, and the media everywhere.

Together we can stop Obama's latest attempts to abolish our Second Amendment rights, confiscate our guns, and destroy our personal safety.

It all comes down to you.

Your **SURVEY** tells me, every Member of the United States House of Representatives, every U.S. Senator, every involved member of the Obama Administration and the national news media just where you stand.

But time is so short. Please return your completed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** to me today. There is no time to lose. I must be able to count on you.

Then I must add an additional million voices to yours.

Only if I, and *To Keep and Bear Arms*, collect a huge number of completed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** polls along with yours can we give pro-Second Amendment Congressmen and women the support they must have if they are to defend the Constitution and keep our right to own firearms.

(over please)

I know that this is an ambitious plan. But I know that if I have your support, it can work.

The stakes are high and the resources we'll need are significant. But the future of our nation rests in the balance. I must know I can depend on you.

Please, take a moment right now to complete and return your **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** to me in the envelope I've enclosed. Please let me hear from you immediately.

And with your completed **SURVEY** I must ask you to include your best possible contribution to help *To Keep and Bear Arms* stand up for America, our United States Constitution and the rule of law.

To Keep and Bear Arms does not receive government funds, or massive corporate donations, or big labor grants. We can only rely on patriots like you who want to make certain that we continue to enjoy our Constitutional right to bear arms by challenging everything -- **and everyone, up to and including the President** -- who tries to take it away.

That's why I must ask you to contribute as generously as you can. Remember, your donation is tax-deductible to the extent allowed by law.

Our emergency, bare-bones budget for this **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** project is just \$44,800. And I must raise \$22,205 of that within the next 14 days.

Please sit down right now and send your most generous contribution to help me and *To Keep and Bear Arms* take our message to the Congress.

I hope you can make your maximum possible, tax-deductible gift at this time to give us the kind of financial resources we need to fight back against those who would abandon our nation.

If you can afford it, please send \$2,000 or \$1,500, or maybe \$1,000 or \$500, or \$250 or \$100, or even \$50 or \$35 or \$25. Please make this your best possible gift. We must be able to commit resources immediately. But we can only do it with your support.

Please, send your completed **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** and your contribution right away. There's no time to lose. Decisions are being made. And your input is vital.

Thank you for your support. And God Bless America.

Sincerely,

Bob Russell
Project Chairman
To Keep and Bear Arms

P.S. The gun-grabbers on the Left have never had a better champion than Barack Obama. He hates guns, the Constitution and us, the people who "cling to" them. Right now he's not only pushing to end gun ownership but starving us of ammunition. All he can think of is his lasting liberal legacy. We must defend our right to keep and bear arms, today. Please complete and return your **NATIONAL SURVEY ON OBAMA'S STEALTH ASSAULT ON GUN OWNERSHIP** to me today. Our immediate action will stop the unholy alliance of anti-gun activists and Big Government from stealing our guns, our rights and our nation. Please help us now. Many thanks. *Bob*.
