I am always amazed that people even bother to watch mainstream media anymore.

Coast To Coast AM radio

<http://www.coasttocoastam.com/> is so much more entertaining.

Media Research Center

We have the evidence. We've caught the liberal media red-handed in their pro-Obama spin. See below.

In a few days Barack Obama will accept the Democratic nomination for President. How did he get there?

The fact is, the liberal media handed Barack Obama the nomination with blatantly biased and favorable reporting -- and we have the dirty details!

The Media Research Center has just completed an exhaustive analysis of the coverage Obama has received from ABC, CBS, and NBC evening news programs. We studied every story, every soundbite, and every mention from his first appearance on a network broadcast in May 2000 through June 2008--a staggering total of 1,365 stories. And what we found is nothing short of shocking!

We've compiled our analysis in a Special Report called "Obama's Margin of Victory: The Media." Go here to request your copy when you support the MRC with a gift of any amount:

<http://www.mrcaction.org/r.asp?U=10213&CID=506&RID=17826512>

++ Irrefutable evidence of the media's pro-Obama spin!

John, only the MRC has the unique ability to generate this kind of timely report that dares to put the relationship between Obama and the liberal media under a microscope.

Liberal news elites deny any wrong-doing...

But this exclusive MRC report offers irrefutable evidence that the liberal media have suspended all objectivity in favor of creating a political "rock star" who enjoys a near perfect media image.

Inside our report, you'll find:

- Obama has received nearly seven times more good press than bad.
- The networks only referred to Obama as "liberal" 14 times in four years, despite the fact that he is the most liberal member of the U.S. Senate.
- The networks paved the way for Obama's presidential run with 100% positive stories as Obama broke onto the scene.

This is the real story of 2008 -- the liberal media's blind and
