

From the Desk of
MICHAEL CONNELLY, ESQ.

Dear Fellow American Citizen,

Let me get right to the point.

I have no choice but to ask you and the other patriots that I am writing to today for a special, emergency gift of \$25, \$50, \$100, or more to United States Justice Foundation (USJF).

Please understand, under normal circumstances I would not be asking someone that I don't know personally for such a special favor.

But these are not normal circumstances -- and here's why!

As I rush you this urgent, time-sensitive appeal, we here at USJF are working on several major cases and campaigns that will remain front and center through the elections and the end of this most critical year in American history.

Most important will be our efforts to ensure that justice is done with regard to what I believe is THE GREATEST HOAX EVER inflicted upon the American people.

The hoax that I am referring to is, of course, Barack Obama's successful effort to place his name on both the 2008 and the 2012 presidential ballots WITHOUT ever proving that he was a natural born U.S. citizen, and therefore eligible to serve as a U.S. President.

In short, the United States Justice Foundation is now leading a massive grassroots effort to remove Mr. Obama from the White House...

... and, if the evidence is corroborated, prosecute him for deliberately defrauding the American people by his claiming to be eligible to serve as our President.

A tall order to be sure.

And yes, I know many say it's too late to do anything about Obama's lawlessness. But with all due respect, I say they are wrong.

First, justice demands Obama pay the consequences if the evidence shows he deliberately misled the American people about his eligibility to be President. And second, Obama still has plenty of time left to complete his mission to "fundamentally transform" America into a weak and second-rate socialist state.

Over, please...

The problem is funding.

We estimate that we could be running in the red as early as three weeks from today unless we receive an immediate influx of new emergency funding.

Which is why I took the dramatic step of rushing you this appeal... and why I hope that you'll respond to it without delay.

With your support today, we intend to do everything in our power to prevent Mr. Obama from destroying our country, and to keep him from squashing our liberty in his remaining time in power!

"We" are United States Justice Foundation (USJF).

My name is Michael Connelly. I am its lead attorney and its Executive Director.

For over 37 years now, we have been "the legal arm" of the conservative movement in America.

We battle the Left, both in the court of law AND in the court of public opinion each and every day -- and we win.

And, make no mistake: Exposing the truth (finally) about Barack Hussein Obama, while our first priority, is not our only important project.

In addition to our efforts to remove and prosecute Barack Obama, USJF has also taken a lead role in efforts to:

- ++ Prevent Barack Obama from placing ANY new Justice on the Supreme-Court.
- ++ Strike down OBAMACARE on the grounds that it is an affront to the religious liberty of millions of Americans of faith.
- ++ Strengthen state eligibility laws to ensure that no future candidate can be on a state ballot for President without first proving that he, or she, is eligible to serve as President.
- ++ Undo Barack Obama's illegal Executive "Amnesty" Orders through efforts in both the court of law, and in the court of public opinion.
- ++ Continue to challenge Barack Obama's other unconstitutional executive actions -- especially those that are aimed at restricting our First, Second, Fourth, and Tenth Amendment rights.
- ++ Accelerate our efforts to determine the truth about the IRS, NSA, Benghazi, and "Fast and Furious" scandals.

This is just a short list of the many projects and legal cases that we have on the table, RIGHT NOW, in 2016...

Next page, please...

... and it is absolutely vital that we avoid any funding shortfall, and that we build up a sufficient cash reserve to stay operating at 100%, and for the rest of the year!

Which is why I've gone to the extraordinary step of reaching out to Americans like you, who are known to care about our liberty...

... and why I hope that you will speed back a most generous donation of \$25 or more to USJF.

Again, I know that I am asking a lot of you today.

But again, we have a lot on our plate.

I am most concerned, of course, that justice is done in the case of Barack Obama's apparent criminal cover-up of his past.

Because there remain many unanswered questions about Mr. Obama's past, ones that go right to the heart of the question of whether he was ever eligible to run for, or serve as, President.

Questions that include:

- 1) The authenticity of the long-form birth certificate that Mr. Obama released in 2011. Experts have argued that the typewriter used to fill out this form did not exist at the time of Barack Obama's birth. Plus, Mr. Obama's birth certificate was filled out differently than others done at the same time in the same hospital. And, there is evidence that the form was prepared using a computer not in existence in 1961. We are determined to find out the truth about these issues with a team of independent forensic experts.
- 2) The Constitutional issue of Mr. Obama's Department of Justice argument saying that ordinary citizens -- meaning you and I -- do not have "standing" to challenge the eligibility of a candidate for President.
- 3) The Constitutional issue of ensuring, through the states, that eligibility is confirmed before a candidate is allowed on the Presidential ballot -- this was our *Keyes v. Bowen* litigation that we appealed to the United States Supreme Court.
- 4) The issue of whether Mr. Obama was adopted by his Indonesian stepfather, Mr. Sotero, and, as a result, lost whatever U.S. citizenship that he may have had.
- 5) The issue of Mr. Obama traveling to Pakistan in the 1980s using a non-U.S. passport -- he has stated that he did not obtain a U.S. passport until he was a U.S. Senator (2004, or later).
- 6) Why does it appear that Mr. Obama has no valid Social Security number?
- 7) Why does it appear that Barack Obama never properly registered

Over, please...

(as then required by law) for the Selective Service?

- 8) And, did Barack Obama use Indonesian citizenship papers to get into his first college, Occidental, in California?

These FACTS must be pursued by the Republican-led Congress TODAY, and with your help and your support, we intend to do EVERYTHING in our power to ensure that they are.

But, first, we absolutely must build up a cash reserve that will allow us to do what must be done at a moment's notice to keep the pressure on the Obamatrons opposing their efforts to hold on to power at all costs.

In short, we can't afford to fall into debt at any time this year.

My financial team tells me that we can avoid this by raising a minimum of \$428,000 within the next three weeks.

That will give us a sufficient cash cushion to ensure that we can go all-out in our primary mission of pushing for the impeachment and prosecution of Barack Hussein Obama, Jr. without harming our other programs to thwart his socialist agenda on health care, on immigration, on the Supreme Court, and on other key issues.

But, we cannot raise that amount with a mere wave of our hand.

No, this money can only be raised with the immediate help of loyal Americans and patriots like you.

Which, again, is why I rushed you this personal appeal...

... and why I pray that you'll respond to it today with a most generous, emergency donation of \$25, \$50, or \$100 to USJF.

If you could possibly send as much as \$250, \$500, \$1,000, or more, God bless you, and I thank you for your generosity.

But, please, at LEAST send \$25 -- and -- send it today.

Thank you. Together, I know that we can, and we will, prevail.

Sincerely,

Michael Connelly
Executive Director

P.S. Again, I know that it's unusual for a stranger (especially an attorney like me) to contact you out of the blue for a special favor. But this is not about a specific individual case. It is, in the end, about the very survival of the United States as a free, secure, and prosperous nation. There can be no rock left unturned, no margin for error, and no room for delay or mistakes. So again, please respond TODAY!
