National Study Finds Strong Link Between Diabetes And Air Pollution

A national epidemiologic study finds a strong, consistent correlation between adult diabetes and particulate air pollution that persists after adjustment for other risk factors like obesity and ethnicity, report researchers from Children's Hospital Boston. The relationship was seen even at exposure levels below the current Environmental Protection Agency (EPA) safety limit.

I.R.S. Denies Tax-Break for Breast Feeding Costs

Despite a growing body of research indicating that the antibodies passed from mother to child in breast milk could reduce disease among infants - including one recent study that found it could prevent the premature death of 900 babies a year - the I.R.S. has denied a request from the American Academy of Pediatrics to reclassify breast-feeding costs as a medical care expense. Acne creams covered? Yes. Denture Adhesive? Yes. Coverage for breast feeding support costs that run \$500-\$1000 per year? No.

Breastfeeding families save \$600 to \$2,000 a year on the cost of formula, and often much more in medical bills, also there is less loss of income as employed breastfeeding mothers miss less work since baby stays healthier. The United States has no federal laws requiring paid maternity leave and breastfeeding becomes a challenge when a mother has to return to work two or three weeks after having the child; this is why access to breast pumps are so crucial. When a mother is no longer able to provide milk, they find themselves facing the costs of formula and turn to aid programs like WIC (Women, Infants and Children), that provide formula at the cost of tax-payers.

The I.R.S. must have missed the memo. Breast feeding is the foundation of a healthy life; healthy for our children, healthy for our environment, healthy for our country.

BP Dispersants Causing Sickness

11/14/2010

Nearly 200,000,000 gallons of crude oil spilled into the Gulf of Mexico due to the explosion of BP's Deepwater Horizon Oil Rig explosion 6 months ago. A federal judge has now ordered that cement poured by Haliburton be tested. Both BP and Haliburton were aware of the cement's instability both before and after it was poured, it is now being pin-pointed as the cause of the explosion.

What could be worse than this heinous crime of neglect? How about sinking all of that oil deep into the ocean with toxic substances? BP has admitted to using at least 1.9 million gallons of widely banned toxic dispersants (one that has been banned in the UK), which according to chemist Bob Naman, create an even more toxic substance when mixed with crude oil.

They have poisoned the water and the people twice, showing complete disregard to the life and health of all living things in the area.

Bio-Cellular Analysis - How This Test Can Improve the Quality of Your Life

Have you ever been to the doctor because you were feeling something was not right only to be told that there is nothing wrong with you according to your blood work? Or, even worse, after the doctor listened to your symptoms, did blood work and other tests, they gave you a diagnosis of an "incurable" disease such as colitis, irritable bowel, chronic fatigue, high blood pressure, fibromyalgia, or high cholesterol? You may have been relieved that your problem was not life threatening but you left still feeling that something is not right in your body.

11/14/2010

For example, maybe you are fatigued and your skin is not as soft and supple as it once was. You may have noticed that your libido has drastically decreased or you are more irritable than you used to be and your muscles get sore more often after exercise. Our experience shows that many people fit into this category and you are not alone. Many of us turn toward natural supplementation to help treat our symptoms. When we do this, we are basically one step above more traditional treatment methods which use drugs to abate symptoms. Thankfully there is a better system of diagnostics and treatment. It is called called BioCellular Analysis

BioCellular Analysis is an excellent metabolic biofeedback tool to indicate whether your dietary and nutritional supplementation is detrimental or beneficial for you. It gives specific information on what vitamins and minerals are not being assimilated into the body's cellular structure. It provides us feedback that helps you determine the status of your immune system so that we can implement a plan for optimal health.

Chlorine Dioxide (ClO₂) is a powerful and selective biocide which will help remedy oral conditions. You may also benefit from the selective oxidative properties of ClO₂. As more and more FDA approved products containing Chlorine Dioxide such as toothpaste and mouthwash are being offered to the consumer we are including instructions on using MMS to clean your teeth from the book MMS Solutions, "Use 6 drops of MMS and add 2-6 ounces of water. Use this solution to brush teeth or rinse mouth. Use a new solution every morning. Do not leave this solution in the mouth for longer than 60 seconds. Expect the pain of an abscessed tooth to be overcome by the immune system in about four hours. Expect all infection and all pyorrhea to be gone in one week. Expect all loose teeth to be rock solid in two weeks. Expect a completely healthy mouth in less than three weeks. Keep in mind that the MMS solution is the most powerful health solution ever developed and it will indeed do exactly what is described here." Chlorine Dioxide is FDA approved for municipalities to purify water and to be use as a sanitizer by meat, fish and vegetable packaging plants. It is quickly becoming the method of choice for state and private hospitals not just for its superior ability to kill all kinds of bacteria , viruses and other pathogens but also because of Chlorine Dioxide's harmless toxicity levels. Chlorine Dioxide has been readily available to purchase on the internet under the name Miracle Mineral Solution or MMS. It is recommended that you buy from a reputable source such as our sponsor www.MMSMiracleMineral.com

DONATE \$20 RECEIVE FOOD, INC.: A PARTICIPANT GUIDE BOOK AS A GIFT!

Food Inc.: A Participant Guide: How Industrial Food is Making Us Sicker, Fatter, and Poorer- And What You Can Do About It

Expanding on the film's themes, the book Food, Inc. will answer those

11/14/2010

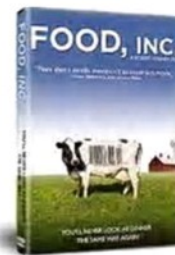

questions through a series of challenging essays by leading experts and thinkers. This book will encourage those inspired by the film to learn more about the issues, and act to change the world.

DONATE \$30 RECEIVE FOOD, INC. DVD* AS A GIFT!

Food, Inc. DVD - Hungry For Change?

Featuring interviews with such experts as Eric Schlosser (Fast Food Nation), Michael Pollan (The Omnivore's Dilemma) along with forward thinking social entrepreneurs like Stonyfield Farms' Gary Hirschberg and Polyface Farms' Joe Salatin, Food, Inc. reveals surprising - and often shocking truths - about what we eat, how it's produced, who we have become as a nation and where we are going from here.

*The DVD will be shipped upon DVD release

DONATE \$50 RECEIVE FOOD, INC.: A PARTICIPANT GUIDE BOOK AND FOOD, INC. DVD* AS A GIFT!

Food Inc.: A Participant Guide & Food Inc. DVD

With this combination pack, you can read into the specifics of what the movie didn't include and also have the movie along side of it. This way you can enjoy the movie without thinking that there was something left out.

*The DVD will be shipped to you upon release

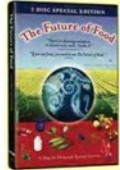

We feature a report exposing the failed link between vaccines and the reduction of childhood diseases (or flu). Indeed, the true credit for the reduction in childhood disease is shown to be more a function of improvements in sanitation and living with clean potable water than anything which could be attributed to vaccines. In this report, Dr. James Shannon who served as director of NIH is quoted as saying "the only safe vaccine is one that is never used." It goes on to expose the dirty little secrets about vaccines. [More >>>](#)

11/14/2010

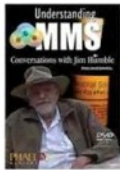

<http://healthfreedom.org/why-you-should-avoid-taking-vaccines/>

For a small donation get "Vaccine Nation" produced by our good friend Gary Null, Ph.D. This documentary film clearly illustrates the health damage suffered by our innocent children, due to unnecessary vaccinations and gives you the information you need to speak intelligently and forcefully on the subject of childhood vaccinations. We only have a limited supply of these DVD's so they are only available while supplies last.

For for a limited time receive a 2 Disk DVD set "The Future of Food" with your donation. Shot on location in the U.S., Canada and Mexico, THE FUTURE OF FOOD examines the complex web of market and political forces that are changing what we eat as huge multinational corporations seek to control the world's food system. The film also explores alternatives to large-scale industrial agriculture, placing organic and sustainable agriculture as real solutions to the farm crisis today.

Also for a limited time receive "Understanding MMS" with your donation. More than 200,000 Americans are using The Miracle Mineral Supplement (MMS). Thousands of lives have been saved (Over 75,000 from Malaria in Africa alone). Reports of overcoming 'incurable' diseases are happening every day! With ever looming threat of bio-warfare and Bird flu (and now Swine Flu), MMS should be in every home. To read about Miracle Mineral Supplement follow this link: <http://healthfreedom.org/miracle-mineral-supplement/>

Your donations make all of these timely advances possible! Your continued support is the fuel that drives Health Freedom Alliance. Thank you for forwarding emails to your friends and family! Keep up the good work!

We are all invested in this fight. Each of us will be affected by its outcome. Each of us can make a difference!

Thank you Freedom Fighters!
